No objections were filed to the *Director's Report* for the above-captioned water right claim. However, in the Court's review of the uncontested water rights in Basin 47, the Court inquired of IDWR concerning an apparent discrepancy between the quantity element contained in the *Director's Report* for this claim and the quantity noted under the purpose and period of use section in the *Director's Report*. IDWR responded that the quantity noted under the purpose and period of use section in the *Director's Report* is in error and needs to be changed.

In accordance with the foregoing, the following are hereby **ordered**:

1) IDWR shall file an *Amended Director's Report* for the above-captioned water right claim no later than **June 25, 2010**.

2) Notice of the filing of the *Amended Director's Report* shall be published on the Court's Docket Sheet in July 2010, and objections to the *Amended Director's Report* shall be filed by **July 28, 2010**.
