Re: Water Right Identification #95-7128

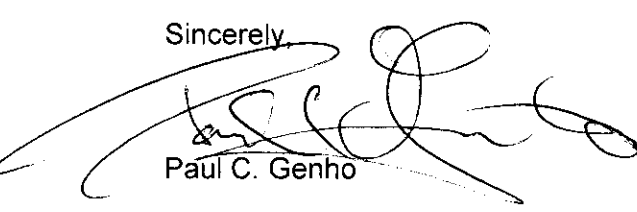

To Whom It May Concern:

When the original documentation for water right #95-7128 was filed, it stated that part of the property being irrigated included approximately 28 acres north of the Spokane Railroad as it crosses through the SE1/4 of Section 4, Township 51 North, Range 4 West, Boise Principal Meridian (BPM). According to our records, that portion of the property was never purchased by the Corporation of the Presiding Bishop of The Church of Jesus Christ of Latter-day Saints.

The amount of acreage we own and irrigate south of the Spokane Railroad in the SE1/4 of Section 4, Township 51 North, Range 4 West, BPM, minus railroad and other easements, is approximately 141 acres. The attached *Notice of Claim to a Water Right* includes the corrected acreage information.

Thank you for your attention to this matter.

Sincerely,

Paul C. Genho
