Re: Claim # A63-23721 Evidence of Priority

From: Patricia L Packard

I am the only living person with knowledge of this matter, as far as I know.

My parents purchased this farm and moved onto it April Fools Day, 1931. The proposed house site was beside the 1911 Sunny Ridge School, drawing its water from a shallow well midway between our house site and the 1918 Sunny Ridge School.

The old well served the 1911 Sunny Ridge School, later the new school and the renters who lived in the old school after the new one was built. I have no information on the renters water uses other than probably the necessary household and stock uses. As I remember the place when we moved in, they hadn't done much except to burn down the old school building along with their own possessions.

In 1931 the old well was regarded as unsafe; the new school had already drilled a new well and we used the old one only for non-sanitary uses, hauling drinking water from Nampa while our replacement well was being dug. Ours was an old fashioned pit type, the pit located in the basement of the 1911 school and deepened by digging. I remember it vividly as I exercised the rights of a 3-going-on-4 year old and promptly fell in it. The actual well was drilled in the pit, as I remember, to 280 feet by "Old Mr. Schmidt" who lived in the Nazarene district of Nampa. He was said to have kept very detailed records but I don't know that they still exist.

This 1931 well was used for household and dairy operations, watering of up to 20+ head of stock, 2 mules, 1-2 horses and about 5 sheep. The early day irrigation ditch ran equally as well from garden to weir as it did in

the normal direction, so garden and orchard were irrigated from the well through a homemade canvas hose.

In 1992 the old pit was caving, making repair work on the pump unsafe, the casing had buckled and I considered it too close to the septic tank. A replacement well was drilled to ± 120 feet. Irrigation from the ditch is now by computer operated sprinkler system costing considerably more than the farm in 1931 and is as effective as the original irrigation system. Supplemental watering from the well is still necessary.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.

COMMENTS: 04/24/1996: TTS. Packard called regarding IDWR corr. of 07/07/1995. She will provide evidence of priority to this office + I indicated that I would call her to set up a field exam when we received the evidence. rrr
