Nature of Contact Exam of this claim &
Permit 63-12127

Substance of Communication Mr. Meyer wants to
get his system blown out before
too long so it doesn't freeze up.
I told him to go ahead &
take care of his system and
we would conduct the exam
next spring. He was agreeable
to this.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is NOT to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by September 1 1995, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.

RE: Snake River Basin Adjudication (SRBA)
Notice of Claim #A63-30140

Dear Mr. & Mrs. Meyer:

Enclosed is a copy of your claim for your records. Please note the identification number on this claim that will contrast with the identification number 63-12127 for your 1994 water right filing. Over the months and years you will receive correspondence relative to each of these filings that will require your reply. At the time you will possibly feel the requests are duplicative and could be ignored. Please do not ignore our requests, or if you are tempted to do so, please contact us.

Let me characterize the situation as follows. You have two filings on separate tracks, although you obviously have a single well and no overlapping water uses. However, on the one hand with the 1994 filing you are requesting the approval for development of a new water right as opposed to the 1977 related date asserting an older water right. Each must be processed independently. Each piece of correspondence from us will have an identification number on it that will assist you in keeping the subject filing in proper perspective for you to respond accordingly.

In the future if you lose your way in this maze of water right filings, please demand our services again to explain our requests and requirements.

Thank you for your patience and perseverance with the filing requirements thus far.

Sincerely,

Donald V. Shaff
Manager, Adjudication Section

RE: Application for Permit 63-12127

Today on the telephone and in the office, Marvin Meyer responded to my letter dated September 22, 1994. With some admitted confusion and sense of vulnerability with nearly 20 years of intervening water development, Mr. Meyer chose to retain his claim in the SRBA rather than withdrawing it in favor of his pending application for permit 63-12127. I have authorized changing receipt W010167 to allocate \$50 of the payment to cover the cost of application for permit 63-12127. The remaining \$5.00 from this receipt will be added to Receipt C031490 that documents the payment of another \$50 to cover the claim Meyer wishes to continue processing. I informed Mr. Meyer may be required later in the SRBA by IDWR to submit proof of a water right beyond what he has submitted and possibly his legal theory on how a water right he claims could have been initiated in 1977 without filing an application for permit.

Re: Snake River Basin Adjudication (SRBA)
Receipt No. W010167

Dear Mr. and Mrs. Meyer,

Processing your Application for Permit 63-12127 is proceeding. A detail connected with the SRBA water right claim you filed in March, 1990, remains.

Presuming you wish to replace the claim with the Application for Permit submitted on July 6, 1994, the enclosed form must be signed to apply most of the claim fee (\$55) to the application fee (\$50). Please write on the form you want the fees applied to the Permit. Without you withdrawing the claim from the picture, I must process your claim because you submitted the completed claim form and paid the proper fees. Only you can direct me to ignore your claim.

Now, if you want your Notice of Claim to Water Right investigated and a recommendation on it made to the SRBA Court, do not withdraw your claim. However, the fees associated with the Claim must remain tied to the claim, and the fee for the Application for Permit must be submitted.

If you are confused by the names applied to the water you are using from the well and your attempt to document your water right for that use with us, please contact me to discuss the matter with you. I want to avoid leading you to a decision that might be rooted in misunderstandings between us.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Donald V. Shaff'.

RE: Partial Refund on Application No. 63-12127

=====

Debbie;

The applicants of the above permit, Marvin & Patricia Meyer, filed a SRBA claim in 1990. When the Meyers withdrew their claim and filed this application for permit, they requested that the fees they paid in 1990 be applied to the application fees.

The fees received (receipt no. W0101067) for the SRBA claim were \$55.00, the permit for application fee is \$50.00, leaving a balance (overpayment) of \$5.00.

On 7/21/94, John Westra wrote a memo requesting a change in the receipt coding and a refund of the balance of overpayment.

I have enclosed a copy of the receipt and John's memo.

Please send the refund of \$5.00 to Marvin or Patricia Meyer at 8504 Southside Blvd., Nampa ID 83686.

Thank you!

Cindy

R. KEITH HIGGINSON
DIRECTOR

Dear Claimant(s):

This office is presently processing the Notice of Claim to a Water Right you submitted during the Snake River Basin Adjudication claims filing in your area. However, due to the problem explained below, we cannot continue to process this claim. We are returning the claim to you along with the receipt for the filing fees previously submitted.

This notice was filed indicating the water use(s) claimed began after the implementation of the groundwater statute requiring that any new use(s) of water from a groundwater source must have an application for permit filed and approved prior to any diversion of the water. On March 25, 1963, this groundwater statute was enacted under Idaho Code, Volume 8, Section 42-229. There are some water uses exempted from this filing requirement, however, the water use you have claimed did require a permit filing and after researching our records, no previously filed permit was found. We will likely recommend this claim to the court for disallowal, based on the groundwater statute and priority date claimed, therefore, you should file an application for permit form in order to insure this water right is covered in the future. Enclosed is an application for permit form with instructions.

Idaho is presently under a moratorium on approval of new water right filings due to the drought conditions. However, an exemption can be made if your use began prior to the commencement of the Snake River Adjudication which was November 19, 1987. In order to be allowed this exemption, the Department is requiring proof be submitted with the application for permit showing that the water was used prior to the commencement date above. This proof can be in the form of dated power bills for the pump, ASCS crop reports indicating a well is used for irrigation, or a notarized statement from a neighbor or former owner who was aware of the use prior to 1987. If your use was begun after the November 19, 1987 date, your application for permit will be held pending the outcome of next winter's snowpack.

Although the enclosed claim will likely be disallowed, the Department cannot deny you the right to file this claim. If you still wish to file this claim and pursue it with the court later, then simply resubmit the claim form with a note indicating you still wish to file. If you do not wish to file this claim, please complete the enclosed Request for Withdrawal and return it to our office along with the completed application for permit form. The refund of the filing fees paid for the claim can be transferred to the application for permit filing fees or the total amount sent to you. Please indicate which you would prefer on the Request for Withdrawal form. Please note that if the fee for the application for permit is greater than the amount being refunded, the difference must be enclosed with the application for permit form before it is accepted.

If we do not hear from you within 30 days from the date of this letter, either by receiving the claim form or Request for Withdrawal and Application for Permit form, we will assume you do not wish to pursue either filing and the claim will be rejected and your filing fees refunded. Please feel free to contact this office if you have any questions concerning this letter or completion of the application form.

Sincerely,

Adjudication Staff
