RE: NIA CLAIM FILING 95-12879

Dear Mr. & Mrs. Trenkle,

Your claim above is filed for Irrigation use with IDWR and further clarification is needed to finish the claim of your water right. The following items need to be addressed:

1. The claim form you submitted is only used to record Domestic &/or Stockwater uses. Your claim has been made for Irrigation. I have included the correct form for claiming Irrigation uses.
2. If you are claiming an Irrigation water right, the fees for a claim of this type are \$50.00 per claim plus a variable fee of \$1.00 per acre irrigated. In which case you will need to send a check for the extra fees of at least \$26.00. (You did not indicate how many acres you irrigate and you have already paid \$25.00 for this claim.)
3. The fee for Domestic claims is \$25.00. You paid \$50.00 for the two claims you have filed; 95-12878 & 95-12879. The first claim is correctly filed and complete as submitted. If you wish to claim the second claim as a Domestic use (which can include up to ½ acre irrigation) you can AMEND the claim/form. You may strike-out the incorrect data and write in the new data; initial all your changes. Then return the claim to IDWR. No additional fees would be due if claimed as Domestic.

These issues can be discussed with me via phone, email or mail; or, you may want to contact our Coeur D'Alene office and meet with staff there to review your options. Their office and phone:

IDWR Northern Office
