RE: Standard Form 5s for water rights 37-212A, 37-4337, 37-20381, 37-2621 & 37-11885

Dear Clerk:

Enclosed for filing are Standard Form 5s (SF5s) for water rights 37-212A, 37-4337, 37-2621, 37-11885 and 37-20381, claimed by Helios Development LLC. An Amended Director's Report (ADR) was filed in this group of subcases on October 30, 2009. The U.S. Forest Service, party to subcases 37-212A, 37-2621 and 37-20381, did not file anything in response to the ADR, as it resolved their issues. However, the Concerned Water Users (CWU) and Big Wood Canal Company (BWCC) filed a Notice of Continued Objection in all 5 subcases, including those they were not a party to. In discussions with the Court prior to routing SF5s, we decided to secure the approval of both the CWU and BWCC on all SF5s, even those they are not officially involved.

Also, because the SF5s underwent numerous scannings, enclosed the Court will also find cleaner copies of the recommendations included in the SF5s that may be easier to read.

The next hearing on this group of rights is set for July 21, 2010. With the filing of these SF5s, IDWR is hoping the court will vacate that hearing and move all 5 rights forward to Special Master Reports and Recommendations together. Should you have any questions, please feel free to contact me at 208-287-4816. Thank you!

Sincerely,

Vicki Kelly,
