RE: Claim Review

Date: June 1, 2006

.....

While preparing claims for recommendations for Canyon County I found that the above claim had been split due to an ownership change. The split occurred on the wrong portion of Rt. 63-2791 however. The ownership change was for land purchased from Charles Siewert but the split was processed on the portion owned by James Siewert. I have recombined the splits of Claim 63-2791B and updated the record to show claim 63-2791B as submitted. The right claimed by Charles Siewert (now numbered 63-31955) will be updated to show the ownership of lands sold to Randy Upson.

Re: Original Notice of Claim to a Water Right No. A63-02791B

Renumbered to Notice of Claim to a Water Right No. A63-02791C

Dear Claimants:

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Adjudication Section
