RE: COPIES OF ADJUDICATION CLAIMS 63-2864 AND 63-3100

Dear Ms. Anderson:

On Friday June 9, 2006, we met concerning your adjudication claim for water right 63-2864. This water right was originally licensed for 40 acres in the SENE of Section 36 Township 3 North, Range 3 West. When you filed your adjudication claim on this right, you claimed 35 acres of irrigation in the SENE of Section 36 and 5 acres of irrigation in the SWNE of Section 36.

My review of this claim revealed that you already had a water right license, 63-3100, for 18 acres in the SWNE of Section 26. Both of these rights shared the same point of diversion or well. In our discussion, we agreed that it would be best to amend your previous adjudication claim for 63-2864 to cover all 40 acres in the SENE of Section 36, and to file the adjudication claim on water right 63-3100 for the 16 acres you currently own in the SWNE of Section 36. This will give you the ability to irrigate all 56 acres that you currently own out of your irrigation well.

I have included a copy of your receipt for the \$16.00 adjudication claim fee you paid to file on water right 63-3100. I have also included copies of the original field exam and license for water right 63-2864, your original adjudication claim for 63-2864 and the amended adjudication claim and map for 63-2864. . I have also included copies of the original field exam and license for water right 63-3100 and the new adjudication claim you filed on 6/9/2006 for this water right.

If you have any questions or concerns please contact me at the above address.

Respectfully,

Daniel A. Nelson
Sr. Water Right Agent
