RE: Water rights and Snake River Basin Adjudication Claims located in
Twp. 03N, Rge. 04W, section 4.

Dear Mr. Bates:

Pursuant to our conversation at your farm on Monday, August 26, 1996, I am sending the enclosed information to you. This information is about the water rights appurtenant to the land described in the above legal description.

Enclosed is a copy of Snake River Basin Adjudication (SRBA) claim no. A63-02899. The ownership of this claim was changed to your name (along with Shirley Bates, Don Williams and Bonnie Williams) in October of 1992. Attached to the claim is a copy of the letter which was sent to you at that time.

SRBA claim no. A63-02899 is based on a previously issued license, no. 63-02899. The license was issued for 40 acres but the claim was filed on 25 acres. If you are using water from the well on more than 25 acres in the NESW of section 4 you may amend the claim to reflect the actual number of acres irrigated from ground water in that quarter-quarter. Please contact this office immediately if you use well water on more than 25 acres in NESW of section 4.

License no. 63-02995 is appurtenant to the SESW and SWSE. This license has not been claimed in the SRBA. A report which summarizes the licensed right is enclosed. If you own this property and use ground water to irrigate you must file a claim in the SRBA. For assistance please contact this office.

Finally, there is a permit for groundwater which includes the SW $\frac{1}{4}$ of section 4. This permit, no. 63-03268, has not been licensed for a variety of reasons. First, there is a question about the ownership of the irrigated acres. Secondly, the license will not be issued until an SRBA claim is filed on the right. If you own the land (or a portion of it) and use groundwater for irrigation, please contact this office so that we can decide on the appropriate action.

Along with SRBA claim no. A63-02899, enclosed are reports which summarize water right numbers 63-02899, 63-02995, and 63-03268. Attached to those reports are copies of the field exam conducted for licensing (except for 63-03268). Also enclosed is a aerial photograph which shows the area in question. I have noted the location of the different water rights on the map to assist you in locating your land and the appurtenant water rights.

If you have any questions please do not hesitate to contact me at this office. Ron Howerton of this office is verifying your water right in the SRBA; he is also available to assist you.

Sincerely,

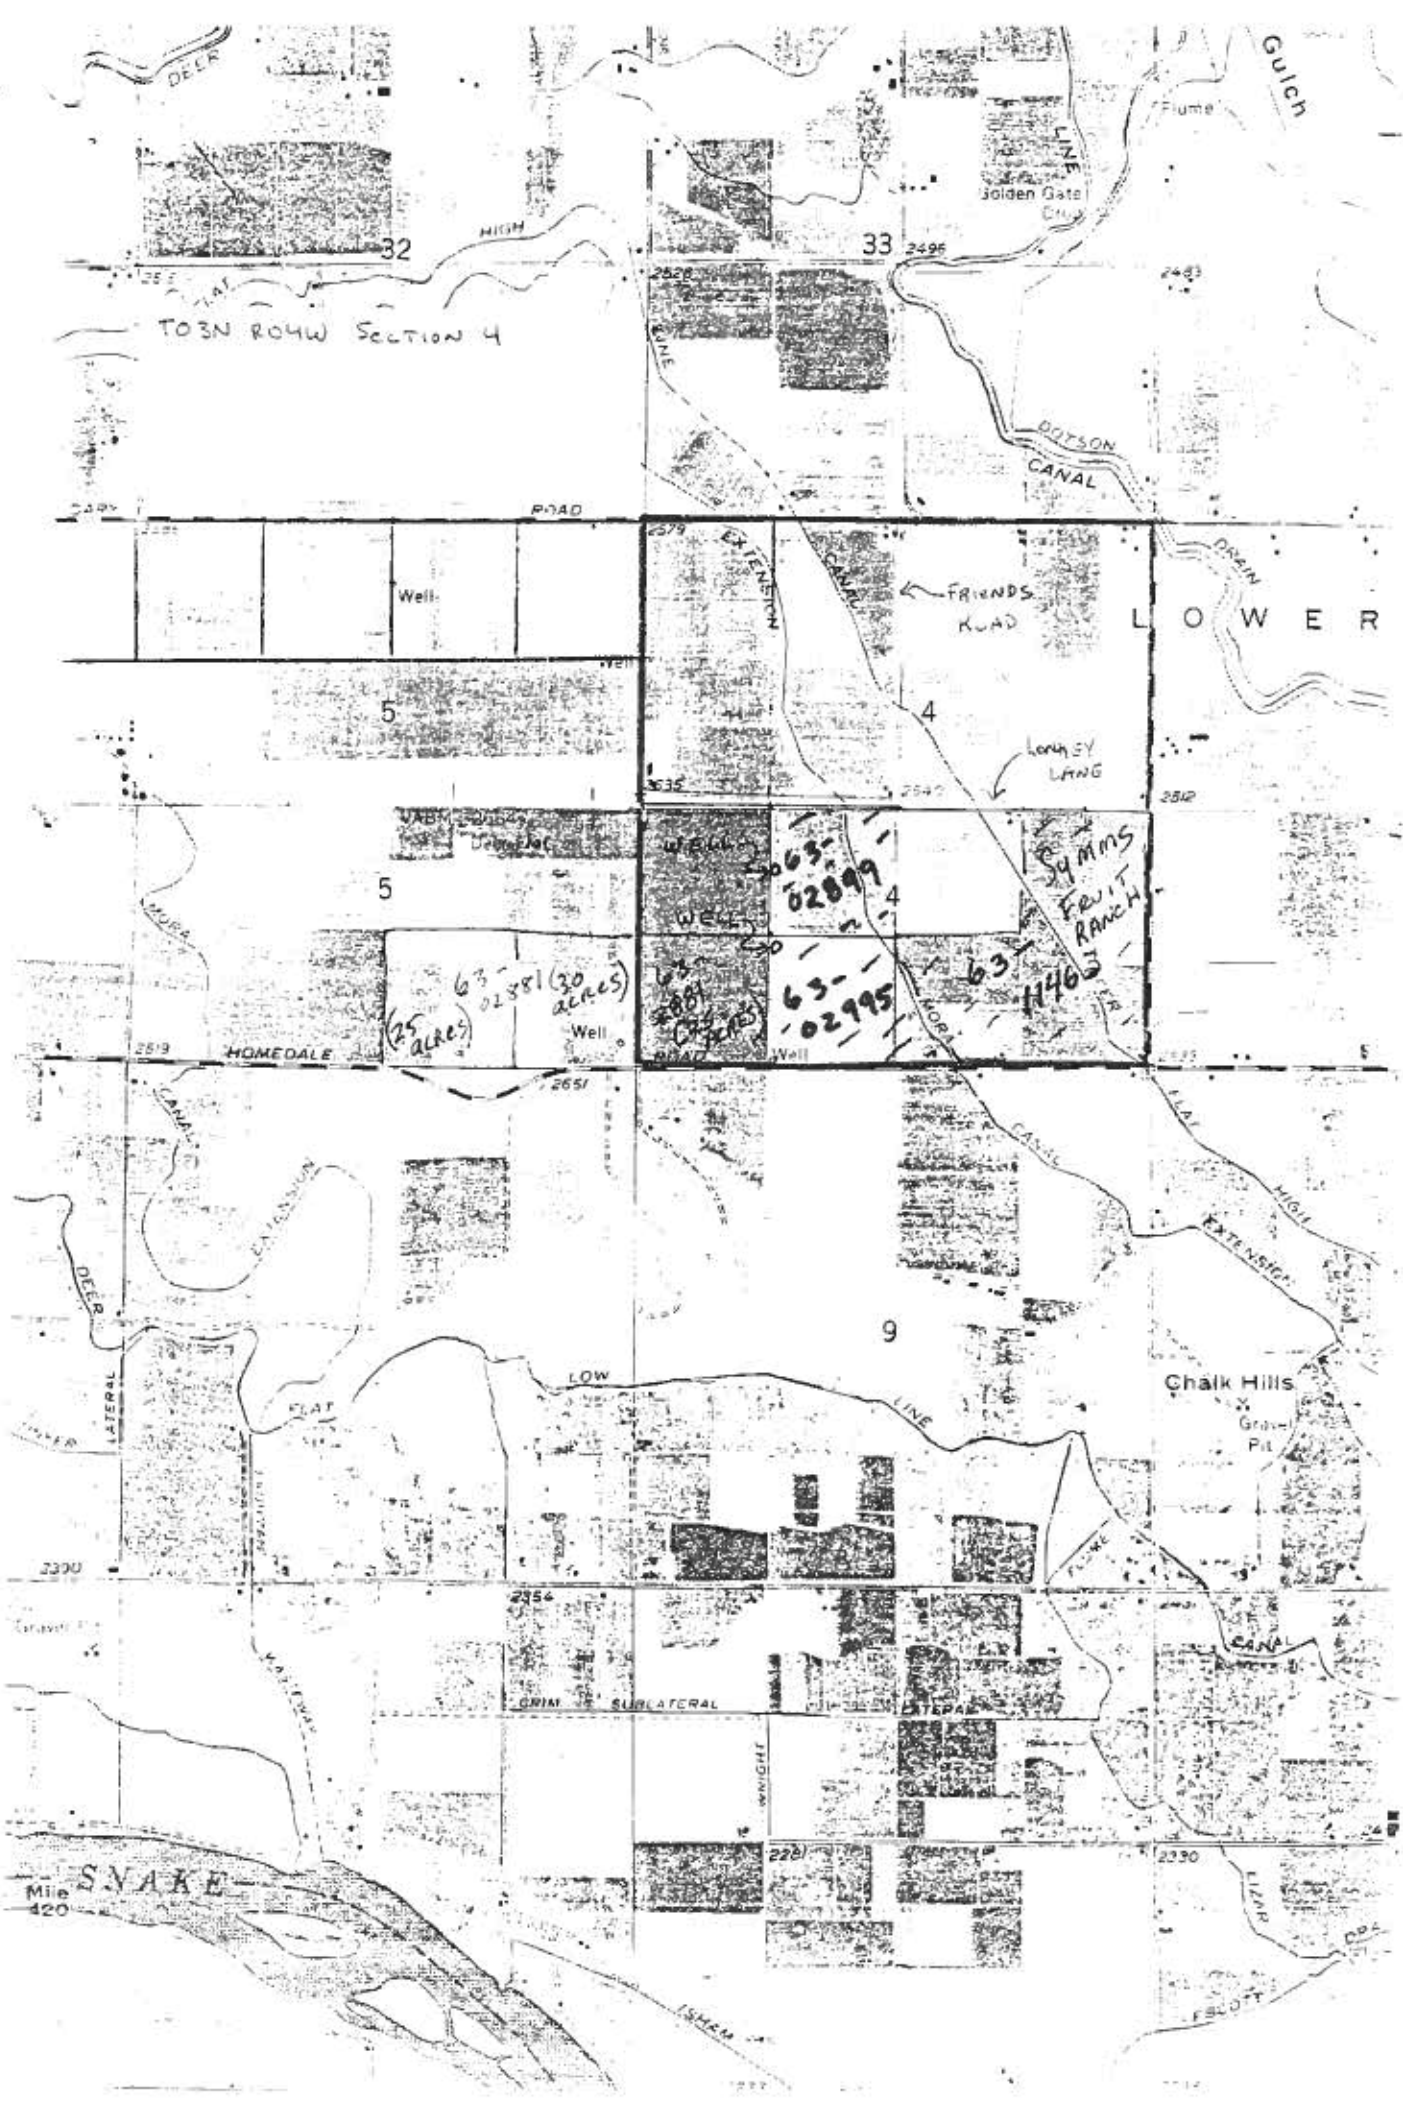

A handwritten signature in cursive script, appearing to read 'Maria Minicucci'.

RE: Snake River Basin Adjudication (SRBA)
Canyon County

Dear Mr. & Mrs. Cody:

We are returning your Notice of Claim to a Water Right filed for your property in Canyon County. We are also enclosing Receipt No. W009802 in the amount of \$50.00 for filing fees. We have noted a problem with your claim which requires clarification before we can complete processing of your claim.

Regarding the claim filed for domestic use, the diversion rate you claimed appears to exceed a "small domestic" use. The rate you claimed, 0.80 cfs, is equivalent to over 350 gallons per minute. Most domestic systems have a capacity of between 0.02 and 0.08 cfs (9 to 32 gallons per minute); you may wish to modify your claim. If, however, your claim accurately describes your system, you will need to complete a different claim form and additional fees may be required (form and instructions enclosed). If you choose to modify your claim, please make the appropriate change, initial and date the change and return the form. Also, please complete Item 9.

Regarding your claim for irrigation, you have identified the basis of claim as beneficial use, while you have identified Water Right License 63-02899 on the basis of claim for the domestic water right. It would appear that these are reversed, as the license is for irrigation of 40 acres within the place of use you have identified as irrigated. If you wish to base your irrigation claim on the license, you may modify Item 15 appropriately on both claims.

Also, please note the date of priority of the license is 04/02/1952 (highlighted); on your claim form, you have claimed a priority of 08/20/1973. If the license is your basis of claim, you should modify the claim unless there is a pertinent reason not to.

Items 6 and 7 also need to be modified to reflect a diversion rate, rather than the volume shown. Please refer to the instruction booklet or the Profile Report for License 63-02899 for further direction.

Lastly, the filing fee you submitted is not adequate for the two claims. The filing fee for the domestic claim is \$25; the filing fee for the irrigation claim is a \$50 flat fee plus \$1 per acre, for a total of \$75. The domestic claim has \$25 credited to it. The irrigation claim has \$25 credited to it, with a balance due of \$50.

I would be happy to arrange an appointment with you or discuss any of these items if you would like to call me at 327-7935. Please return these documents to my attention by August 1, 1992, or late fees will apply. If we do not receive the documents by that date, we will assume you do not wish to continue the filing process and will begin the refund process of your filing fees.

Sincerely,

Helen Harrington-Thornton
