Yes, I do; my fault. Do we have sufficient information to get a recommendation in this report? The trouble I had getting the claim from the Court and Canyon finally paying the fee 11/27, I would like to get the claim reported up or down rather than reporting it Late. I made such a deal of the SF4 was not necessary.

Thanks,

Don,

Do you have the original claim and file for Canyon County Ward Massacre Park, 63-2929? The letter that came with the filing fee was sent over here and I do not recall ever receiving this claim, only a copy of the SF4 they filed and didn't need.
