Attention: Kay Walker, Sr. Water Resource Agent

My husband and I farmed the acreages referred to in your letter to John A. Williamson dated May 17, 2006 concerning Claims to Water Rights Nos. 63-2908A and 63-3102A.

In the spring of 1965 we purchased 1000' of 6" 12 gauge pipe and other sprinkler parts needed to install a mainline from the acreage referred to as the Joe Allen place which we had previously purchased, to the mainline on our place to be able to pump water from either of the wells to both acreages. I am including a copy of the purchase of this pipe from B & M Equipment in Caldwell, ID.

Belle P. Bates, (Mrs. Virgil R. Bates)

RE: Notice of Claims to Water Rights Nos. 63-2908A & 63-3102A

Dear Claimant:

In review of the above referenced claims to water rights we find that we need additional information regarding the use of the wells under these claims. In order to recommend the wells as an interconnected system we need some documentation of when the wells were connected to each other. Enclosed, for your convenience are computer-generated reports that show the rights as claimed.

Pursuant to review of our water right records, each of the above wells was licensed separately and we have no evidence of when they were connected to each other. Please provide either a statement from someone with personal knowledge of when the wells were tied together or copies of receipts showing the purchase of equipment needed to connect the wells.

Please provide the requested documentation on or before June 1, 2006. We are planning to finalize the recommendations of claims for Canyon County this summer and need time to review the information you provide. If no evidence is submitted, the claims will be recommended as the rights were licensed. If you have any questions regarding this matter please do not hesitate to contact me at 287-4953.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
