Subject: Water Right Transfer Applications – High Plains LLC

Dear Dan:

On behalf of High Plains LLC, I am please to enclose 22 applications for transfer of water right 63-31213 associated with High Plains Estates subdivision.

The transfers propose to divide water right 63-31213 into 22 pieces for irrigation of 22 residential lots. A plat of the subdivision is attached. Each lot will have a separate point of diversion. Lots 1 through 14 are within the existing place of use of the water right, and Lots 15 through 22 are located on lands south of the existing place of use. Lot 14 will retain the original point of diversion of the water right.

Water right 63-31213 is also the subject of two pending applications submitted by Chris Doyle for transfer of 4 and 8 acres to Gary Weber and Larren Weber, respectively. Mr. Doyle is a member of High Plains LLC. Other members of High Plains LLC are Tracy Doyle, David Buich, and Frank Ficken. Documentation for High Plains LLC is attached.

The land that the water right is currently appurtenant to, and the land to which the water right will be transferred, is owned by High Plains LLC. Copies of the deeds for these lands are attached.

The 22 transfers, plus the pending 4 and 8 acre transfers to Gary Weber and Larren Weber, are summarized on the attached figure and table. Note that the transfer for Lot 14 moves water rights onto lands in the SESE of Section 6 from which water is being transferred to Gary Weber and Larren Weber.

The applicant anticipates that all of the lots will be sold, and all of the wells will be drilled within one year of transfer approval. A cashier's check for \$2,390 is enclosed for the transfer filing fee. The filing fee is based on 21 transfers of 0.20 cfs or less at \$100 each, and one transfer of 1.14 cfs at \$290. Please contact me with any questions.

Sincerely,

Terry M. Scanlan, P.E.

NOTICE OF PROPOSED CHANGE OF WATER RIGHTS, TRANSFER NO. 5690

Notice is given that **CHRIS DOYLE** of PO Box 1480 Caldwell, ID 83606 has applied to the Department of Water Resources to change the place of use and season of use pursuant to I.C. § 42-222 for 2 rights recorded as follows in Canyon County.

LICENSE 63-07421, priority 4/26/1971, 4.98 cfs, between 4/15 to 10/15. Ground-water diverted in SWSW S5 T5N R2W and used in S 1/2 SW S5 and S 1/2 of the S 1/2 S6 in T5N R2W and SESE S1 T5N R3W, 249 acres.

LICENSE 63-11027, priority 9/14/1989, .32 cfs, between 3/15 to 11/15. Ground-water diverted in SWSW S5 T5N R2W and used in S 1/2 SW S5 and S 1/2 of the S 1/2 S6 in T5N R2W, 16 acres.

Snake River Basin Adjudication (SRBA) claim filed on 63-07421 as licensed except with an irrigation season of 3/15 to 11/15.

PROPOSED CHANGE FOR ALL RIGHTS

Combine rights into a common place of use of 246 acres on the lands described above and move the 75 acres in S5 to the N 1/2 of NW S7 in T5N R2W. Applicant also asked to have a common season of use for both rights of 3/15 to 11/15.

Any protest against approval of the proposed change must be filed with the Department of Water Resources, Western Region, 2735 Airport Way, Boise, ID 83705-5082, together with a protest fee of \$25 for each application on or before April 24, 2000. The protestant must also send a copy of the protest to the applicant.

KARL J. DREHER, Director

April 6, 13, 2000

MEMORANDUM

TO: FILE

FROM: DANIEL A. NELSON *DAN*

DATE: 3/15/2000

RE: CHRIS DOYLE TRANSFER, RIGHT 63-07421 AND 6311027

The transfer proposes dry up 75 acres in SESE and S1/2 SW S5 and move those acres to N ½ NW S7 in T5N R2W. The applicant has also requested the same season of use of 3/15 to 11/15 be given to both rights.

DOCUMENTS AND APPLICATION PREPARATION

The application consists of 8 pages and 4 attachments. Note the location of the following application items:

Attach. A – Adjudication claim for 63-07421

Attach. B – Ownership documentation of applicant's property (B1 – B4)

Attach. C – Ownership documentation of leased property

Attach. D – Lease agreement between property owner and applicant

Attach. E – Government Plat map showing Government Lots

The applicant prepared the application with assistance from Lori Graves, IDWR.

Other information used in this review includes diagram showing ownership, place of use comparison report, 1987 aerial photo, 1994 aerial photo, 1998 satellite photo, and a memo from Lori Graves. All of these items are attached to this memo.

CURRENT RECORDS & PROPOSED CHANGE

This application is based on 2 licenses (63-07421 and 63-11027). The transfer will move water from the lands described in Section 5 and move it to Section 7 in T5N R2W from both rights. An adjudication claim was filed on 63-07421 as licensed, except for the season of use was changed to 3/15 to 11/15. Water right 63-11027 was received after the adjudication process started and does not require an adjudication claim.

VERIFICATION & OTHER ANALYSIS

All of this information that shows use of these rights in 1987 and in the last 5 years is attached to this memo. The applicant has supplied ownership information that shows he owns the land that the water is being taken from. He has also supplied the lease agreement of the property where the water is being moved. He also supplied information showing the lessors ownership of the property.

The question on this application is the changed season of use for water right 63-07421. Ron Howerton stated that the adjudication would not recommend this right with a new season of use. However, they create a shoulder remark on the decree allowing the beginning of the season as soon as 3/1 and as late as 11/15. This remark would infer that he could use this earlier right as soon as 3/1. Having separate season of uses out of the same well would be a regulation nightmare on these wells. I believe it would be prudent to allow the change of season of use, but to limit the applicant the annual volume originally licensed.

RECOMENDATIONS

I recommend that this transfer be approved as shown on the transfer application and the season of use for both rights should be 3/15 to 11/15 and the annual volume for both rights should remain the same as licensed.
