Dear Ms. Dredge:

I am writing as a follow up to the Show Cause Hearing concerning the above-referenced water rights which was held on June 16, 2010. At the hearing, you stated that you would be signing the Standard Form 5 ("SF5") for each of the water rights and would forward those to the Idaho Department of Water Resources. To date, those documents have not been received. If you could, at your earliest convenience, sign the SF5s on the indicated signature lines, initial the revised recommendation and return the original documents to my attention, I will make certain that they are filed with the SRBA Court. This will eliminate the need for another potential Show Cause Hearing and allow these water rights to move forward through the SRBA process.

If you should have any questions or comments, please feel free to contact me at (208) 287-4815.

Sincerely,

A handwritten signature in blue ink that reads 'Ray Williams'.
