RE: Snake River Basin Adjudication (SRBA) claims 75-10061E, 75-10061G, 75-10062E, 75-10178 and late claim 75-14637

Dear Claimants and Mr. McFarland:

I have been reviewing the above-mentioned claims and Mr. McFarland's correspondence to the SRBA court. As you know, IDWR has been asked to write a Supplemental Director's Report, also known as a 706 report, and submit it to the court by August 31, 2010. To write this report, I need to better understand the point of diversion and conveyance system, and speak with all of you about the claims. To do this, I think it would be best if I meet all of you to talk about the claims, and then conduct a site visit to look at the point of diversion, conveyance system and land irrigated.

I will be in the Salmon area the week of August 23 and would like to meet with all of you and conduct a field exam. I propose we meet at the office in Salmon (Bob Foster's office at 1301 E Main St, Suite 7) and then visit the site.

Please contact me at (208) 287-4907 to schedule a time that is convenient for all of you. Feel free to call if you have other questions, as well.

Respectfully submitted,

Monica P. Van Bussum
Sr. Water Resource Agent
