Case No. 39576	)	(USDA/FS)

_____	)	SPECIAL MASTER REPORT

Findings of Fact

The Director of the Idaho Department of Water Resources filed his *Director's Report, Domestic & Stock, Reporting Area 10 (IDWR Basin 45)* on March 2, 1998. The Director recommended the above 48 claims to the United States of America, Department of Agriculture, Forest Service, 550 W. Fort Street, MSC 033, Boise, Idaho, 83724, for .02 cfs from various creeks, springs, streams and ponds in Cassia County for stockwater use from May 1 to November 30 with a priority date of May 1, 1879, based on beneficial use.

Scott Bedke lodged late *Objections* on July 13, 1998, objecting to priority date, purpose of use and alleging the water rights should not exist. Michael A. Poulton, Gary Russell Poulton and Bruce and Jared Bedke lodged late *Objections* on April 7, 1999, with the same objections.

On August 29, 2002, and June 10, 2004, the parties signed *Stipulations* primarily amending the priority date to June 12, 1905. On August 21, 2007, the Special Master entered an *Order Dismissing Objections* dismissing *Objections* filed by Bruce and Jared Bedke. Finally, on August 2, 2010, the USDA / Forest Service and objectors Patricia and Scott Bedke and Michael Poulton, plus Karl Bedke, with IDWR's concurrence, filed *Standard Forms 5* in the above subcases.

Conclusions of Law

The USDA / Forest Service is entitled to partial decrees adjudicating water rights as described in the *SF-5s* and the attached *Special Master Recommendations for Partial Decrees* for the above water rights.

DATED August 5, 2010.
