Re: Water Right 95-12842, Claim No. 3723 for Hogan, Richard, Civil Case No. 49576

IDWR Agent:

When filling out my water right claim on the internet there were two forms. The first of the forms that I filled out could not be uploaded. The second was successfully sent, however this form only included the point of diversion co-ordinates, and did not include the parcel number.

I am herewith sending you the first form I filled out which includes our parcel number and my signature. I'm not sure its necessary but just in case, here it is.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard J. Hogan", written over a horizontal line.

Richard J. Hogan
