Dear Sir,

My father purchased a Hayden Lake cabin in 1963, which I inherited (Lots 20, 21, & 22, Sandbar Point Addition). His well, drilled in 1964 & Filed with IDWR # 95-10389, is located approximately 100 yards east of the well drilled by Dr. George F. Luger. Dr. Luger's well was drilled in 1965. Both ours and Luger's Wells have been in use since their installation.

Sincerely

Scott Thompson
