Coeur d' Alene, ID. 83815

Greetings,

This permit application is in regard to lakeside property that was owned by Ken Sinclair since 1947. The original cabin is still on the property and came from Farragut State Park after being decommissioned in 06/10/1947.

Upon relocating the cabin to the property on the attached application, a pump and a two inch line was installed to draw lake water.

As per the application, we wish to retain the rights to draw water in the future for light gardening on this 50' X 250" lot.

Please accept our application and process it promptly as the closing date mentioned in the court documents referenced is 06/06/2010.

Sincerely,

Rick Blankenship
