Dear Mr. Blankenship:

Enclosed is your receipt. We are returning your Notice of Claim. There should be two claims filed, one for the well and one for the lake. The location for both claims is Township 48N Range 4W Section 19, SW1/4 SW1/4, Gov't Lot 5.

The date of priority for the well appears to be 1983. If you have a Well Driller Report or a receipt from the well driller or pump company showing the date it would be helpful.

You mention that the water from the lake was first used by Ken Sinclair in 1947, that should be the date of priority. If you have some documentation of the date, would you please send us a copy?

We will need another filing fee of \$25.

Sincerely,

Kenneth Knoblock  
Water Resources Supervisor

*we were told that  
"H2O" Company  
drilled the well.*

*Everyone is dead. A  
close inspection of the cabin  
illustrates that it has  
been there for a long time.*
