I have been asked by my neighbors, Joe and Deanna King to document the approximate date of the original construction of their home at 1477 E Thimbleberry Ln. Harrison, Idaho 83833. The Kings are my immediate neighbor to the West of my property. My family has owned our property since the early 1940s. I remember when the house was built. I believe it was built about 1958. The source of their domestic water from the original construction date until the current date has been from a pump system in Lake Coeur d'Alene. I hope this information will help your determination.

Sincerely,

A handwritten signature in cursive script that reads "Sharon Work". The signature is written in dark ink and is positioned above the printed name.
