Dear Mr. Peters:

We are returning your Notice of Claim to a Water Right. You need to file one claim for the well and another claim for taking water from the Spokane River. We have enclosed two blank forms for your use. We offer the following suggestions for completing the claims:

Item #2 the date of priority is the date the water was first used by you or former owners. In the case of the well it usually is the date the well was completed. After May 20, 1971, a permit was required for any new diversion of water from surface water source, such as, the Spokane River. The date of priority from the river needs to be before 1971 or the date on the permit.

Items #4 & #9 should be Township 50N, Range 5W, Section 11, Gov't lot 3.

Item #6 the use should be Domestic in the amount of 0.04 cfs.

Please complete the two claims and return them to our office. The one time filing fee for each claim is \$25, so we will need an additional \$25.

Sincerely,

Kenneth Knoblock
Water Right Supervisor
