IN THE DISTRICT COURT OF THE FIFTH JUDICIAL DISTRICT OF
THE STATE OF IDAHO, IN AND FOR THE COUNTY OF TWIN FALLS

In Re SRBA	)	
	)	Sub-cases: 75-10603 & 75-14531
Case 39576	)	
	)	OBJECTION TO THE MOTION
	)	FOR A CONTINUANCE OF THE
	)	DEADLINE TO FILE A MEMORANDUM
	)	IN SUPPORT OF CLAIMANT'S MOTION
		TO ALTER OR AMEND

The Claimant's, Daryl and Patricia Hull, object to the motion for a continuance of the deadline to file a memorandum in support of the motion to alter or amend the Court's decision on the above case filed by attorney for the Felton's/ Heltsley, Jerry R. Rigby for the following reasons.

The Felton's/ Heltsley and their counsel were given notice of the Court's decision in July and were notified that they would have to have a motion to alter or amend by August 28th. Thereby giving them more than adequate time to prepare a reason for their motion. Additionally, counsel for Felton/ Heltsley stated in his motion dated August 17th that he would have a memorandum supporting the motion filed on or before August 28th, thus indicating that he had his reasons for the motion available. In fact, if the Felton's/ Heltsley and their counsel need an additional three months in order to conjure up a reason for the court to alter or amend it's decision, it is reasonable to assume that they had no legitimate reason for making the motion in the first place.

Counsel for Feltons/ Heltsley stated in his request for a continuance that he

needs time to obtain the transcripts of the trial. Obviously, he already has the transcripts or would not have been able to submit the lengthy Findings of Fact and Conclusions of Law for the court's review.

Finally, in his request for a continuance, Counsel states that there is no damage to any party if the motion is granted giving him until November 29th to prepare his memorandum. While it is true that his client's will continue to get all of their water, the Hulls and Murphys have waited over 3 years for a decision from the Court on this matter and will be required to wait an additional 3 months or more before knowing if their property is secure from the damage that will be done to it if the Felton's / Heltsley are able to move the point of diversion to the spring head.

In conclusion, the Court has granted more than adequate time and notice to the Feltons/ Heltsley and their counsel in order for them to prepare their reasons for a Motion to Alter or Amend the Court's decision. The Hulls and Murphys are entitled to the peace of mind in knowing that the case will not be drawn out for an additional 3 months or more.
