RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-12099

Dear Claimant(s):

The Idaho Department of Water Resources (IDWR) has completed initial processing of adjudication claim 95-12099 that you filed. A review of your claim indicates domestic use from a groundwater source and irrigation from a surface water source. Initial review of your claim indicates the priority date claimed is in violation of the Mandatory Permit Statute for the surface water source and purpose of use claimed.

The permit system for establishing a water right became mandatory for uses developed from ground water after March 25, 1963 (except for domestic purposes as defined by Section 42-111, Idaho Code), and for uses developed from surface water after May 20, 1971 (except for watering stock directly from streams).

You may amend your claim to reflect the domestic use only, but because a water right was not previously established under the permit system for the surface water source, an "Application for Permit" form should be filed instead of a claim.

For your convenience, enclosed is an Application for Permit form. Please do not hesitate to contact this office if you have any questions or concerns.

Sincerely,

Lori Harris
Technical Records Specialist 2
