RE: Coeur d'Alene-Spokane River Basin Adjudication (CSRBA) Claim No. 95-11554

Dear Claimant(s):

The Idaho Department of Water Resources (IDWR) has completed initial processing of adjudication claim 95-11554 that you filed. A review of this claim indicates a groundwater source is being claimed for municipal use, which is for the drinking water, kitchen and restrooms within the church. We are trying to determine if the source of the water use is from groundwater (well), or if the water is provided by a Municipal service, such as the City water system.

If the source is a well, then you would need to amend your claim to domestic use, which would be limited to 2,500 gallons per day. If the water is provided by a Municipal provider, then you should withdraw the claim, as the Municipal provider would be the responsible party for filing claims to cover their water use areas and you would not be required to file a claim.

For your convenience, I am enclosing a Request for Withdrawal of Claim form. If you have any questions or concerns, please do not hesitate to contact our office.

Sincerely,

Lori Harris
