TRIBUTARY:

The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.

If the surface water rights appurtenant to the place of use is sold, transferred, leased or used on any other place of use, this right to divert groundwater shall not be used without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.

QUANTITY:

Prior to the diversion and use of water under Transfer approval 66132, the right holder shall install and maintain acceptable measuring devices at the authorized points of diversion in accordance with Department specifications, or shall obtain an approved variance from the Department to determine the amount of water diverted from power records or to maintain an existing measuring device.

This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.

Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized points of diversion in accordance with Department specifications.

Rights 45-2405, 45-2406, 45-2661, 45-12928 and 45-12930 when combined shall not exceed a total diversion rate of 4.56 cfs, a total annual maximum diversion volume of 1212.0 af at the field headgate.

Rights 45-2405, 45-2406, 45-2661, 45-12928 and 45-12930 when combined shall not exceed the irrigation of 527.2 acres.

Rights 45-14216, 45-586, 45-587, 45-588, 45-12929, 45-577A, 45-577B, 45-578A, 45-578B, 45-579A, 45-579B, 45-580A, 45-580B, 45-600, 45-12927, 45-2405, 45-2406, 45-2661, 45-12928 and 45-12930 when combined shall not exceed the irrigation of 527.2 acres within the place of use in a single irrigation season. The specific 527.2 acres to be irrigated by the right holder shall be identified prior to each irrigation season by submitting to IDWR a land list and a representative electronic shape file or a land list and a map sufficiently detailed to allow creation of an electronic shape file to be associated with these rights.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 140.

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.

The use of this right is subject to the Amended Order Amending Transfer Approval dated July 20, 2010 with additional conditions as follows:

1. The use of water is subject to the attached IRRIGATION PLAN.
 - 1.1 Prior to August 31, 2010 the applicant shall report directly to the Department and the watermaster of Water District 140 the location of the 527.2 acres initially irrigated from March 15, 2010 to August 31, 2010. The applicant shall also report that portion of the 527.2 acres intended to be dried up (defined as A acres under the plan) in exchange for irrigation of other lands between September 1 and November 15 of 2010 (defined as B acres under the plan) necessary to prepare soil for tilling, for application of chemicals, or for establishing fall planting.
 - 1.2 Beginning in 2011 and for each successive year, the applicant shall report directly to the Department and the watermaster of Water District 140 prior to May 1, the location of the 527.2 acres of crops that will be irrigated between March 15 and August 31. The applicant shall also report prior to August 31, the location and number of the A acres (that portion of the 527.2 acres to be dried up on or before August 31), and the number and location of the B acres (the acres to be irrigated in the fall between September 1 and November 15).
 - 1.3 Identification or reporting to the Department and the Water District 140 watermaster of the 527.2 cropped acres, the A acres, and the B acres shall be in the form of a land list and a map sufficiently detailed to allow creation of an electronic shape file.
 - 1.4 The total number of B acres shall not exceed the number of A acres in any irrigation season.
 - 1.5 Application of water to B acres in the fall is limited to water necessary to prepare soil for tilling, for application of chemicals, or for establishing fall planting. Application of water to B acres shall not

provide water to irrigate crops for harvest in the same fall. Application of water to B acres in the fall shall not exceed two applications or sets of water.

1.6 The B acres identified for fall irrigation in any year shall be included in the 527.2 cropped acres for the subsequent season.

1.7 The watermaster of Water District 140 shall monitor the place of use and regulate the use of water under the approved transfers pursuant to these conditions of approval. The watermaster of Water District 140 shall coordinate delivery and regulation with the watermaster of Water District 45-A of the surface water rights covered by transfer No. 66133.

1.8 Original conditions of approval associated with transfer No. 66132 and transfer No. 66133 that are in the standard form of: This right is limited to the irrigation of ### acres within the place of use described above in a single irrigation season. shall be amended to the form of: This right is limited to the irrigation of ### acres within the place of use described above in accordance with the attached Irrigation Plan.

2. Failure to adhere to the conditions of use and timelines set forth on the IRRIGATION PLAN shall be cause for this amended approval to be revoked with prejudice and the transfers to revert back to the approval established in the orders dated December 2, 2009.

The specific 527.2 acres to be irrigated by the right holder shall be identified prior to each irrigation season by submitting to IDWR a land list and a representative electronic shape file or a land list and a map sufficiently detailed to allow creation of an electronic shape file to be associated with these rights.

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 140.

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.

The use of this right is subject to the Amended Order Amending Transfer Approval dated July 20, 2010 with additional conditions as follows:

1. The use of water is subject to the attached IRRIGATION PLAN.
- 1.1 Prior to August 31, 2010 the applicant shall report directly to the Department and the watermaster of Water District 140 the location of the 527.2 acres initially irrigated from March 15, 2010 to August 31, 2010. The applicant shall also report that portion of the 527.2 acres intended to be dried up (defined as A acres under the plan) in exchange for irrigation of other lands between September 1 and November 15 of 2010 (defined as B acres under the plan) necessary to prepare soil for tilling, for application of chemicals, or for establishing fall planting.
- 1.2 Beginning in 2011 and for each successive year, the applicant shall report directly to the Department and the watermaster of Water District 140 prior to May 1, the location of the 527.2 acres of crops that will be irrigated between March 15 and August 31. The applicant shall also report prior to August 31, the location and number of the A acres (that portion of the 527.2 acres to be dried up on or before August 31), and the number and location of the B acres (the acres to be irrigated in the fall between September 1 and November 15).
- 1.3 Identification or reporting to the Department and the Water District 140 watermaster of the 527.2 cropped acres, the A acres, and the B acres shall be in the form of a land list and a map sufficiently detailed to allow creation of an electronic shape file.
- 1.4 The total number of B acres shall not exceed the number of A acres in any irrigation season.
- 1.5 Application of water to B acres in the fall is limited to water necessary to prepare soil for tilling, for application of chemicals, or for establishing fall planting. Application of water to B acres shall not

provide water to irrigate crops for harvest in the same fall. Application of water to B acres in the fall shall not exceed two applications or sets of water.

1.6 The B acres identified for fall irrigation in any year shall be included in the 527.2 cropped acres for the subsequent season.

1.7 The watermaster of Water District 140 shall monitor the place of use and regulate the use of water under the approved transfers pursuant to these conditions of approval. The watermaster of Water District 140 shall coordinate delivery and regulation with the watermaster of Water District 45-A of the surface water rights covered by transfer No. 66133.

1.8 Original conditions of approval associated with transfer No. 66132 and transfer No. 66133 that are in the standard form of: This right is limited to the irrigation of ### acres within the place of use described above in a single irrigation season. shall be amended to the form of: This right is limited to the irrigation of ### acres within the place of use described above in accordance with the attached Irrigation Plan.

2. Failure to adhere to the conditions of use and timelines set forth on the IRRIGATION PLAN shall be cause for this amended approval to be revoked with prejudice and the transfers to revert back to the approval established in the orders dated December 2, 2009.

1. The use of water is subject to the attached IRRIGATION PLAN.
- 1.1 Prior to August 31, 2010 the applicant shall report directly to the Department and the watermaster of Water District 140 the location of the 527.2 acres initially irrigated from March 15, 2010 to August 31, 2010. The applicant shall also report that portion of the 527.2 acres intended to be dried up (defined as A acres under the plan) in exchange for irrigation of other lands between September 1 and November 15 of 2010 (defined as B acres under the plan) necessary to prepare soil for tilling, for application of chemicals, or for establishing fall planting.
- 1.2 Beginning in 2011 and for each successive year, the applicant shall report directly to the Department and the watermaster of Water District 140 prior to May 1, the location of the 527.2 acres of crops that will be irrigated between March 15 and August 31. The applicant shall also report prior to August 31, the location and number of the A acres (that portion of the 527.2 acres to be dried up on or before August 31), and the number and location of the B acres (the acres to be irrigated in the fall between September 1 and November 15).
- 1.3 Identification or reporting to the Department and the Water District 140 watermaster of the 527.2 cropped acres, the A acres, and the B acres shall be in the form of a land list and a map sufficiently detailed to allow creation of an electronic shape file.
- 1.4 The total number of B acres shall not exceed the number of A acres in any irrigation season.
- 1.5 Application of water to B acres in the fall is limited to water necessary to prepare soil for tilling, for application of chemicals, or for establishing fall planting. Application of water to B acres shall not

provide water to irrigate crops for harvest in the same fall. Application of water to B acres in the fall shall not exceed two applications or sets of water.

1.6 The B acres identified for fall irrigation in any year shall be included in the 527.2 cropped acres for the subsequent season.

1.7 The watermaster of Water District 140 shall monitor the place of use and regulate the use of water under the approved transfers pursuant to these conditions of approval. The watermaster of Water District 140 shall coordinate delivery and regulation with the watermaster of Water District 45-A of the surface water rights covered by transfer No. 66133.

1.8 Original conditions of approval associated with transfer No. 66132 and transfer No. 66133 that are in the standard form of: This right is limited to the irrigation of ### acres within the place of use described above in a single irrigation season. shall be amended to the form of: This right is limited to the irrigation of ### acres within the place of use described above in accordance with the attached Irrigation Plan.

2. Failure to adhere to the conditions of use and timelines set forth on the IRRIGATION PLAN shall be cause for this amended approval to be revoked with prejudice and the transfers to revert back to the approval established in the orders dated December 2, 2009.
