RE: Subcases 75-10061E (W. Slavin), 75-10061G (D. Slavin), 75-10062E (W. Slavin) &
75-10178 (D. Slavin)

Dear Special Master Dolan:

The task of investigating the issues involved and preparation of the 706 Report in the above-referenced subcases is being taken on by a new agent for the Department. The Department will need additional time to bring the agent up to speed in order to complete its 706 Report, which is currently due on September 30, 2010. IDWR would like to request an additional extension of time within which to file the 706 Report until Monday, November 1, 2010. The Department also requests that the Court reset the Scheduling Conference that is currently set for September 30, 2010. The Department asks the Court to reset the conference to sometime after November 1, 2010. I have talked with the parties and they are in support of moving the hearing date.

Thank you for your consideration in this matter. Should you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Baxter", is written over the printed name "GARRICK BAXTER".
