History

The first Whittier School was located at 1207 Fort Street. It was built in 1894 to relieve overcrowding at **Central**. The building originally had four grade school classrooms, but two additions in the late 1800's increased its size significantly, and gave the building a basement two floors.

In 1917, a fire consumed the entire roof of the building. The building had a hip type roof before the fire. Whittier was vacant for one year before the School Board decided to repair it. The replacement roof was flat. The building had parapet brick walls outside and plastered walls and ceilings on the inside. The school was used as an elementary school until it was condemned at the end of the 1937-38 school year. The building served as a community arts and crafts center until it was reopened as the District Administrative Offices in 1942.

Although the Whittier building was condemned in 1938, classes were held in the junior high (later North Junior High) under the name Whittier School for grades one, two and three until 1941.

The post war years saw great growth in the Boise District and in 1948 Trustees authorized the construction of a new Whittier School. The Chinese Gardens to the south side of the Boise River gave rise to the village of Garden City, which had no school. The new Whittier would serve the Garden City area and the area south of State Street.

The school opened in the fall of 1949. Whittier was built next to the Boise River and the playground area is on river rock and sand. The grass area is hard to maintain because the grass disappears into the sandy soil and the grass turns brown on the hot summer days.

Whittier School is located in the Model Cities area and received the benefits from some of the federal programs funded in the late 1960's and early 1970's. Some of the programs were kindergartens, counselors, teachers' aides and equipment. It received a new portable building for kindergarten students in 1972.

Dear Mr. Carlson:

I have received your letter of February 8, 1994 requesting waiver of the late filing fees for the school district's claims in the Snake River Basin adjudication. The basis of your request seems to be "... it is my belief that we did not receive proper notice under the adjudication ..." and you are therefore requesting the late fees be waived.

A review of the department's records shows notice of the adjudication was mailed to the BOISE INDEPENDENT SCHOOL DIST., 1207 WEST FORT, BOISE, ID 83702 on April 28, 1989. I understand this is the proper address for the office of the superintendent of the Boise Independent School District.

The Snake River Basin adjudication is a judicial procedure for the determination of all water rights in the Snake River Basin in Idaho. Section 33-513(2), Idaho Code, lists the superintendent of schools as the authorized representative for the receipt of service of process. A check with the school district office confirmed that you had not been designated the authorized representative for service of process for the Boise Schools.

This analysis leads me to believe that service of the notice of the adjudication was proper and your request for waiver of late fees is denied.

Yours truly,

David B. Shaw
Adjudication Bureau Chief

Idaho Department of Water Resources

Dear Mr. Shaw:

The Independent School District of Boise City is filing it's adjudication claims under the Snake River Basin Adjudication for water necessary for operation of the school's within the Boise Valley. I realize that the Department has, in the past, notified some of the administration in the School District of the Snake River Basin Adjudication but unfortunately notice was never sent to me as the Administrator of Maintenance for the District. Since it is my sole responsibility to administer the water resources of the District, it is my belief that we did not receive proper notice under the adjudication and therefore I am requesting a waiver of late fee requirements. As required by your agency, we have paid the late fees with the submission of our adjudication claims but would urge you and the Department to favorably consider refund of those late fees. It is a significant outlay for the School District and reduces monies available for maintenance of our school system.

Sincerely yours,

Roger Carlson
Supervisor of Maintenance & Operations
