During the initial review of your claim we have found it necessary to make some modifications to your claim. We have changed the point of diversion and place of use legal description, since the information included in the well log was inaccurate. We have enclosed a copy of the map which was used for this information. We also listed the Date of Priority as the date the well was completed that you had listed on your claim.

In addition the filing fee was not included with the claim. Please submit the \$25.00 filing fee in order for us to finish processing your claim.

Enclosed is a copy of the claim for your review. If you have any questions regarding the enclosed information, please do not hesitate to contact our office.

Sincerely,
