Re: West End Project SF-5s, Subcase 02-68 et al.

Dear Renea

Enclosed you will find original, executed copies of the SF-5s in the above-described subcases. I handwrote the correct name and address for rights 02-2168 and 02-2203, consistent with the updated water right records, per my recent conversations with Jan Shurte. Please contact me if you have any questions about these.

Thank you,

John M. Marshall
