Dear Mr. Anderson:

Thank you for using Idaho Department of Water Resources' Online Claim Filing process. One of the features of the process is that it assigns an identification number for your claim based on the location selected for the point of diversion, in this case, the location of your well. For some unknown reason, the location selected was in Power County in Southeastern Idaho instead of Benewah County in Northern Idaho.

Therefore, I have attached an Amended Notice of Claim with a new identification number and a corrected legal description that places the point of diversion on your property in Benewah County.

Please review the attached amended claim, 91-7248, and if it accurately reflects the water right you wish to claim, sign it and return a signed copy to Idaho Department of Water Resources.

You may do that by attaching a scanned copy of the signed claim to a reply email, or you may mail it to the following address:

Idaho Department of Water Resources
322 E Front St
PO Box 83720
Boise, Idaho 83720-0098

Please contact me if you have any questions.
