***Re: Kenneth and Tammie Walters  
Water Right No. 77-4089 et al***

Dear Ms. Hofstetter:

In anticipation of the mandatory settlement conference scheduled for January 25, 2011 at 1:30 pm, I am enclosing copies of the revised water right recommendations currently objected to by your clients, Mr. and Mrs. Kenneth Walters. Also included is the ***Stipulation to Resolve Objection*** drafted by the Bureau of Land Management (BLM) which relates to water right numbers 77-4089 and 77-4219 and their subsequent splits.

The Department has revised these recommendations based on discussions between you and BLM and hope that they meet your satisfaction. If, however, there is a problem or additional questions please notify the Department in advance of the mandatory settlement conference so that we may have time to address those issues beforehand.

If possible, the Department would like to resolve these subcases before the mandatory settlement conference. If the attached recommendations meet with your approval, please notify me and the Department will route the SF5s.
