MEMORANDUM

TO: TRANSFER APPLICATION FOR 63-000353 THROUGH 63-00355
FROM: STEVE LESTER
DATE: DECEMBER 6, 1990
RE: CLARIFICATION OF DATABASE AND ACREAGE COMPUTATION

E.K. Allen filed a transfer application on SRBA Claim A63-21348, a claim filed by Frank and Frances Engle. Mr. Allen apparently bought 25 acres in Sec. 8 SESE and wants to relocate a diversion point for his acres. Claim A63-21348 is based on a combination of split portions of decreed rights 63-00353 through 00355. Decree file 63-T-1 covers these rights (see Attachment B).

DATABASE

The transfer serves to clarify database details for source, season of use, and point of diversion. The source (drains tributary to Warm Springs Creek) actually includes surface and ground water in a "...common and interdependent source..." and perhaps should be noted in the remarks section of the database. The tributary is a local name not recognized on a USGS quad.

The season of use in 63-00355 includes 7/1-11/15, not 7/1-3/31 as shown in the database. The original point of diversion is identified as T1S R2W Sec. 10 (tract not specified). See Part II of the decree for confirmation of season and P/D.

Although the decree does not explicitly state the duty of irrigation water, Part V can be interpreted to mean .02 cfs/acre: "...amount of water herein allotted...is required and necessary for the proper growing of crops...". Because all three decreed rights cover the same P/U, one can infer that the largest right, 63-00355 for 3.50 cfs, describes the maximum number of acres for all three rights. Assume that the rights cover no more than 175 acres. Note that the rights cover different parts of the irrigation season and together include 4/1-11/15 (the latter interpreted from IDWR standards for the area).

COMPUTATION OF ACRES

Note that in Sec. 8 SESE, irrigated land includes 14.5 acres northwest of the siphon pipeline and 16.5 acres southeast of same. The transfer addresses a P/D change and will result in three split rights (63-00353 A & B etc.). The decree did not identify acres per tract. We can identify the acres/tract via the 1987 ASCS aerial photo (see Attachment A). To further interpret the photo, I met with Mike Anderson on 12/6/90 at the Canyon County ASCS office to discuss the photo and to look at other aerial information (slides of area offer better look at irrigated land). The acres listed on pages 4,6, and 8 of the transfer derive from the meeting and photo interpretation and include the maximum number of irrigated acres determined from technical methods without visiting the P/U.

In the future, SRBA field work related to the P/U may reveal additional irrigated land in some of the tracts, e.g. pasture irrigation that does not appear to be irrigated on the photos. The following list outlines possible discrepancies that may occur between photo interpretation and site visits (approx. 49 acres).

1. Sec. 8 SENW - 29 acres not irrigated in the last five years (per Mike Johnson).
2. Sec. 8 Lot 2 (NESW) - 4 acres same as #1.
3. Sec. 8 NWNWSE - 4 acres same as #1 & 2. Nos. 1-3 are west of Hwy. 45.
4. Sec. 8 E 1/2 NWSE - approx. 10 acres conceivably could or did at one time include pasture or other low intensity irrigation.
5. Sec. 8 NE 1/4 Lot 1 (SWSE) - same as #3 but approx. 2 acres. Nos. 4 and 5 are east of the highway.

According to photos and Mike Johnson's records, the land in Sec. 8 NWSE and SWSE east of Hwy. 45 has not been irrigated for many years. Much of it is a cinder cone area used for cinder extraction in construction, landscaping, and so on.

Attachment A delineates cropland in the tracts identified in rights 63-00353 through 00355 as well as SRBA claims A63-00355A, 21608, and 21348. The claims relate to split and combined parts * of the decreed rights. The transfer file will be helpful in analyzing the SRBA claims. Copies of this memo were filed with the above claims.

* 63-00353 2.40 cfs irrig.

State why an extension of time is requested explaining how a diligent effort has been made to meet the deadline:

CLAIMS WERE done at western by son on the 20th of Feb.
he took from home for father to sign but he's father thought
they were just copies. After receiving a call from Ron Howerton
on the 22nd of March we found that we hadn't sent in.
the confusion was between my father and son on who should or did
complete the claims.

Claimant requests an extension to APRIL 29, 19 90
