!Buried at Kohler Lawn.

He was a charter member of the Christian Church in Nampa, Idaho, approximately 1907. He started the Scism School and Scism Road was named after him.

I GO FROM NANCY Walker THAT MARRIED 1ST BENNETT/BENNET SPRINGFIELD THEN JAMES KELLEY (NO BURIAL PLACES HAVE EVER BEEN FOUND FOR NANCY AND BOTH HUSBANDS) THEN FROM NANCY AND BENNETT GO TO THEIR DAU. HARRIET THAT MARRIED SAMUEL C. SCISM THEN THEIR DAU. ZELLA (MY GRANDMOTHER) AND ZELLA MARRIED DELL AMICK AND THEN THEIR DAU. MY MOTHER WAS ERMA. WHO DO YOU DESCEND FROM AFTER ELIJAH.? IF I CAN HELP YOU WITH ANY NAMES LET ME KNOW.

GOOD NEWS: AFTER ABOUT 11 YEARS I FOUND MY GR. GRANDPARENTS SAMUEL AND HARRIET SCISM LIVED IN LIND, WASHINGTON, ADAMS COUNTY IN 1900 MOVING TO NAMPA, IDAHO IN 1902. SAMUEL'S OCCUP. WAS IN THE HARDWARE BUSINESS. ONE NEVER KNOWS WHERE THEY MIGHT FIND THEIR ANCESTORS I HAD HEARD THEY WENT TO THAT AREA FIRST BUT DID NOT KNOW THEY ACTUALLY LIVED THERE. WHEN EACH ONE OF HIS CHILDREN MARRIED THEY WERE GIVEN- I THINK- MY MOTHER SAID 40 ACRES THAT IS THE CHILDREN THAT WERE LIVING HERE. I DON'T KNOW IF I MENTIONED IT BEFORE BUT THE LAND FOR THE SCISM SCHOOL THAT WAS ESTABLISHED HERE (IN THE COUNTRY) IS STILL BEING USED -IT WAS ESTABLISHED IN 1908. ALSO MY GR. GRANDFATHER WAS ONE OF THE CHARTER MEMBERS OF THE FIRST CHRISTIAN CHURCH HERE IN NAMPA,ID. AS WELL AS IN BLOOMFIELD, MO. (THINK THAT ONE WAS ESTABLISHED AROUND 1898) ALONG WITH HIS ONE DAUGHTER EVVA I. (SCISM) TILLER'S HUSBAND'S PARENTS THE NAME BEING JAMES TILLER. THOUGHT THIS WOULD BE OF INTEREST TO SOME. THANKING YOU,

JANIS

Samuel C. Scism

Samuel C. Scism, a successful farmer, whose postoffice address is Bloomfield, was born in Stoddard County, August 23, 1854, and is the son of William and Lucinda (McPheeters) Scism. The father is a pioneer of this county and is now quite aged. His memory is quite clear, however and he can relate many interesting anecdotes connected with his early life in Stoddard County. He commenced life, a poor man, but by industry and economy has now a good home. He reared a large family, most of whom lived to be grown and were married. He owned at one time several hundred acres of land, but has divided it among his children, reserving, for himself, only a part. He has been a valuable citizen for Stoddard County. He has been a life-long Democrat in his political views. His son, Samuel C., was reared to farm life and remained at home until twenty-two years of age, when, in 1876, he married Miss Hattie M. Springfield, a native of Georgia. To this union were born six children, five now living: Evva I., Willie, Effie, Zilla and John. The one deceased was named Adelia. After marrying Mr. Scism moved to his present farm, where he has resided ever since. He owns 445 acres of land 250 under cultivation and well improved. The soil is rich and productive, and the farm is one of the finest in Stoddard County. Mr. Scism is a member of the Wheeler organization.

Comment: Water bearing zone to be appropriated is from 340 to 400 feet for a well serving Scism School.

Use includes minor landscaping not to exceed 1/2 acre, for which Applicant agrees to mitigate consumptive use in the future as needed.

4. slester 12/10/2002 Comment/Analysis

Comment: Same well also serves Scism School via 63-5025. Adjudication claim for that right filed 11/22/02.

Replacement well under old right being drilled soon (well tag D25989). Older right provides 0.06 cfs & new application adds more water to the site. Allow new use with limited landscaping as essentially non-consumptive and therefore approvable. This was recently done for Middleton School District (63-31330). Original application filed and paid for 7-29-02 but returned for corrections. Applicant submitted amended version on a fresh form without returning original on 11-22-02. Amended version clarifies but does not expand use so priority does not change. See cc of original in file for confirmation. Per original, signatory title is director of facilities. Original & amended versions list well depth as 375 + and amended remarks describe w.b. zone as 360-365 feet, although subject to change per circumstances found as drilling progresses. According to consultant today (telephone call), better estimate to provide some cushion is 340-400 feet. Allow the latter zone for this application. Also, it is clear that P/U is in Section 20 even though applicant forgot to add section # to amended application. Allow amended application to be processed for up to 400 ft. well in Sec. 20 without applicant notations on amended version since the record is clear.

RE: Nampa School District No. 131, Scism School Well Project

Dear Steve:

We have received your comments dated August 16, 2002, regarding the application for permit that was previously submitted to you. Your comments are appreciated and your additional explanations over the phone were helpful. Enclosed with this letter are the following items:

- **Notice of Claim to a Water Right.** This claim is included for the existing right held by the Nampa School District No. 131 (#63-5025). It is our understanding that this claim is required under the Snake River Basin Adjudication. As indicated on the claim, the school district overlooked the original filing and they request that the late fee be waived. A filing fee of \$56.00 is included.
- **Application for Permit.** The existing right is not adequate for the district's domestic demand. A new permit is being applied for to supplement the 0.06 cfs included in the existing right (#63-5025). A filing fee has previously been provided with the original submittal and should be applied to this application. The application requests an additional 0.05 cfs to bring the district's allowable withdrawal rate to 0.11 cfs.
- **Request to Process.** A Request to Process Form is included as required for all new applications.

The legal description of the point of use for the Application for Permit has been revised to be the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 20. The point of diversion for the existing water right (#63-5025) is the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 20. As such, there is no need to file a Transfer Application since the point of diversion is in the same 40-acre tract.

If you need further information or have questions regarding this submittal, please call me at 376-7330 so we can provide you the necessary information. Your input and cooperation on this project is appreciated.

Re: Scism School Well Project

Dear Mr. Uranga:

I am returning the original application for permit for a new well to serve the Scism School as we discussed the other day. The application might need to be revised depending on what you learn about the older right for the school site and so forth. The application can be returned for processing if appropriate or can be withdrawn and a refund issued for the \$100 filing fee if appropriate.

Also enclosed is quite a bit of information for your consideration. I summarized the information in the attached notes.

Please contact me at your convenience if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Lester'.

5. If proceed with Application for Permit:
 - Location of well and water use appear to be NWSW instead of NWNW.
 - Need .11 cfs in addition to .06 cfs in 63-5025 (assumes SRBA Claim filed)?
 - Application item 4, water use, should be "domestic." Also list "irrigation" if beyond ½ acre. See next point.
 - Cannot approve irrigation unless fully mitigated with respect to Boise River flows and local aquifer setting. Could allow up to ½ acre incidental landscaping use in domestic use if listed in application Remarks.
 - Identify water bearing zone to be appropriated ("from ____ to ____ feet").
 - Include completed Request to Process form if water use limited to domestic with incidental landscaping. Last choice on form typically used. Do not include form if propose irrigation use with mitigation plan addressing impacts.
