OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

While the Lower Embankment Drain is a natural water way, it is also a federal facility and has been utilized as part of the Boise Project since 1908 as invoked by the United States through its reservation authority provided by the Act of August 30, 1890 (43 U.S.C. 945). As a federal facility, the Lower Embankment Drain, to the extent allowed by law, may be rerouted, piped, or its flow of water interrupted if determined appropriate to better serve Boise Project purposes.

~~This right remains subject to the right of the original appropriator, in good faith and in compliance with state laws governing changes in use and/or expansion of water rights, to cease wasting water, to change the place or manner of wasting it, or to recapture it.~~

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

The source of this water right includes waste water. The right remains subject to the right of the original appropriator, in good faith and in compliance with state laws governing changes in use and/or expansion of water rights, to cease wasting water, to change the place or manner of wasting it, or to recapture it.
