_____	)	

Findings of Fact

The Director of the Idaho Department of Water Resources filed his *Director's Report for Irrigation and Other, Reporting Area 10, IDWR Basin 45, Part 1* on September 2, 2004. The Director recommended the above 18 claims for between .04 cfs and 5.24 cfs from various creeks, springs, groundwater, wastewater and streams for domestic, irrigation and stockwater uses in Cassia County based on a decree, beneficial use or license. IDWR identified all 18 claims as uncontested and their overlapping water rights have been partially decreed between December 7, 2005, and August 5, 2009.

Conclusions of Law

The claimants are entitled to partial decrees adjudicating water rights as recommended by IDWR and as described in the attached *Special Master Recommendations for Partial Decrees for Water Rights*.

DATED January 20, 2011.
