Dear Mr. Wood:

We have reviewed your Notice of Claim submitted in the Northern Idaho Adjudication. The basis of your claim is a Water Right License (95-8414). The license is only for domestic use. There is no mention of three acres of irrigation.

After March 25, 1963, an application for a water right had to be submitted to irrigate more than ½ acre. In order for you to develop a water right for 3 acres of irrigation you need to submit the enclosed application and return it to our office.

If you have any questions, please contact us.

Sincerely,

Kenneth Knoblock
Water Resources Supervisor
