I am writing in regards to special
Masters Recommendation (Mr. Dixon) letter
of which states I have no longer a
valid Highwater Flow Right on
Timber Creek - Tributary of the Lemhi
River, of which my highwater Right
number 74-15052 supplemental to my
water right 74-59A - I believe I
have a valid Highwater right from being
recognized from the Idaho Dept. of
water resources and also from long term
use of this Highwater right or flows
there for I Protest the special
masters decision - hopefully this can
be settled at a later date so I
can keep my high flow right as
I do depend on it for my irrigation.

Respectfully yours -

Kerry Purcell
