DIRECTOR

Dear Claimant(s):

This office has received your Notice of Claim(s) to a Water Right for the use of water within the Snake River Basin Water System. However, due to the item(s) checked below, we cannot process this claim(s). We are returning the claim(s) to you to complete only the following items showing a checkmark in the blank for that item. Receipt No. _____ in the amount of \$ _____ for the filing fee previously submitted is also enclosed.

☒ Fee - No fee received or inadequate fee received, fee due is \$900.
See enclosed fee schedule for how this fee was computed. Variable fee for irrigation is \$165 per acre.

_____ Late Notice of Claim - This claim was received on _____ which is after the deadline for filing claims in _____ County. The deadline for this County was _____, and the late fee now due is _____. The enclosed Late Fee Notice explains the late fee and how it was computed.

_____ Item No. 2 - Date of Priority - date water was first put to a beneficial use regardless of ownership.

☒ Item No. 2 & 3 - Priority Date and Source - An adjudication claim filed on a water use from a GROUNDWATER source with a priority date (date of first use) after March 25, 1963, may be rejected at the time of final review for court decree. NOTE: This law excludes single ownership domestic uses that do not exceed 13,000 gallons per day and up to 1/2 acre irrigation, stockwater use of up to 1,000 head, or any other use not exceeding .04 cubic feet per second (18 gallons per minute). The mandatory cutoff date for filing on grandfather uses from a groundwater source, other than the exceptions listed above was March 25, 1963. After this date applications for permit were required to be filed prior to any development. If you have filed a claim for more than two or more homes where each have a different owner off of the same well, each owner file a separate claim for their home using the date the home was hooked up to the well as the priority date (date of first use), and avoid filing an application for permit as explained below. However, a \$25.00 fee is still required for each additional claim filed. Claim forms with instructions are enclosed for your use. NOTE: Prior to completing a claim form for each single family domestic or stockwater use, please read the enclosed brochure entitled, "The Snake River Basin Water Right Adjudication, A Quick Guide to the Special Domestic and Stockwater Filing Procedure". The other alternative is to file an Application for Permit which could include all uses on one form. However, the date of priority for your uses will be the date the application is received in our office. Enclosed is an application for permit with instructions. Please note that there is no deadline for filing the application form. Your adjudication claim can still be filed as it was previously submitted, however, you may run the risk of losing your water right later if the claim is rejected due to the mandatory filing date for groundwater sources.

MICROFILMED

JUL 25 1994

Item No. 2 & 3 - Priority Date and Source -An adjudication claim filed on a water use from a SURFACE WATER source with a priority date(date of first use) after May 20, 1971, may be rejected at the time of review. The mandatory cutoff date for filing water rights on grandfather uses from a surface water source was May 20, 1971. The form to file for this use would be an application for permit. The date of priority for your uses will be the date the application is received in our office. Enclosed is an application for permit with instructions for your use in this matter. Please note that there is no deadline for filing the application form. Your adjudication claim can still be filed as it was previously submitted, however, you may run the risk of losing your water right later if the claim is rejected due to the mandatory filing date for surface water sources.

Item No. 4 - Point of Diversion -The point of diversion listed on this claim is not in the correct form for legal descriptions. Diversion points must be listed by quarter-quarter(40 acre tract), section, township, and range. This legal can be found either on your deed, sales contract or tax notice. If not, then the county assessor may be helpful. Lot and Block for a subdivision are not acceptable, however, please include this information in the remarks section of your claim.

Item No. 10 - Place of Use - The place of use listed on this claim is not in the correct form for legal descriptions. Places of use points must be listed by quarter-quarter(40 acre tract), section, township, and range. This legal can be found either on your deed, sales contract or tax notice. If not, then the county assessor may be helpful. Lot and Block for a subdivision are not acceptable, however, please include this information in the remarks section of your claim.

Item No. 12 - Ownership of Place of Use.

Item No. 15 - Basis of Claim - Please designate if your water right is based on beneficial use of the water - Beneficial Use, or if it is based upon a previously filed water right - Posted Notice, License, Permit or Decree.

Item No. 16 - Signature - this claim form does require your signature be affixed and notarized by a notary public. Note, the notary public signs below the signature blocks listed on this item.

Adjudication Claim Form No. 42-1409(2)a., needs to be filed instead of Claim Form No. 42-1409(2)b., due to the following reasons: _____

Enclosed is the correct claim form with instructions for completion. The fee schedule is also in the instruction sheets to help you figure the fee needed for filing this type of claim form.

MICROFILMED

JUL 25 1994

_____ An adjudication claim cannot be filed when no water use or development has taken place. An application for permit is the form to file at the time you decide to begin development. Claims are required only on development and uses completed prior to the commencement of the adjudication, November 19, 1987. Enclosed is an application for permit form with instructions to be completed at the time development will begin.

_____ An adjudication claim cannot be filed on an application for permit which has not been approved. Therefore, we are returning your Notice of Claim to you. An application for permit must be approved in order to establish a water right to file on.

X Other: If you would like schedule and appointment,
please call me.

Please complete the above item(s) on your claim form(s), initial and date any changes or additions, and return the claim(s), with the requested fee (if one is required above), to our office within 30 days from the date of this letter. If the claim(s), or fee requested, is not received within this 30-day period, the claim(s) will be rejected and your fee(if one was paid previously) will be refunded. Please contact the agent listed in the address below, within the 30 day time period, either in writing or by phone, to let us know if there is a problem returning the claim(s), or fee, in order to keep this claim(s) valid. If the claim(s) is rejected and fee refunded, due to no response within the 30-days, the claim(s) can be resubmitted up until claims in this area are prepared for court decree. However, at that time the corrected claim(s) along with the regular filing fee that was refunded, and an additional late fee will be required. Please return your claim(s), any information needed, and the fee requested, if any, to the Western Region Office, 2735 Airport Way, Boise, ID 83705, to the attention of Helen.

Feel free to contact this office if you have any questions concerning the items checked in this letter. Please call me at 327-7935.

WATER RIGHT LICENSE

License of Water Right No. [REDACTED] Priority August 16, 1973 Amount 0.18 cfs

THIS IS TO CERTIFY, that JOHN C. &/or CHARLENE TAGGART

of Nampa, Idaho, has complied with the terms and conditions of Permit No. 63-7852 issued pursuant to Application for Permit dated August 16, 1973, and has submitted proof to the Department of Water Resources on September 30, 1974, that he has applied water to a beneficial use; an examination by the Department indicates that the works have a capacity for the diversion of 0.18 cfs of water from a ground water source, tributary to _____, and that the permit holder has applied to a beneficial use and established a right to use water as follows.

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Domestic</u>	from <u>Jan. 1</u> to <u>Dec. 31</u> at <u>0.04</u> cfs and	<u>0.6 acre feet</u>
