Dear Claimant(s):

This office is presently processing the Notice of Claim(s) to a Water Right you submitted during the Snake River Basin Adjudication claims filing in your area. However, due to the item(s) checked below, we cannot continue to process this claim(s). We are returning this claim(s) to you either because we need you to complete an item or items on your claim form, or because the claim cannot be filed at all and it is being rejected or because you may need to file a different claim form or other additional forms. **ONLY THE ITEMS CHECKMARKED IN THIS LETTER NEED COMPLETION. IF AN ITEM IS NOT CHECKMARKED, IT IS NOT PERTINANT TO THIS CLAIM(S).** Also enclosed is the receipt for the filing fee previously submitted with this claim.

X Fee - No fee received or inadequate fee received, fee due is \$28.00
(Filing fees, based on use(s) of water, were due on all claims filed)

_____ Late Notice of Claim - This claim was received on _____ which is after the deadline for filing claims in _____ County. The deadline for this County was _____, and the late fee now due is _____. The enclosed Late Fee Notice explains the late fee and how it was computed.

_____ Item No. 2 - Date of Priority - month/day/year that water was first put to a beneficial use, regardless of ownership. If the month or day is unknown the Department will recommend 12/31 of the year designated.

_____ Priority Date Additional Note - If the first date of beneficial use for your water right was after March 25, 1963 from a groundwater source, or after May 20, 1971 from a surface water source, the enclosed application for permit may need to be filed instead of this claim. See the enclosed pamphlet entitled "Idaho Water Rights A Primer" under the "How is a water right established?" section for further explanation of these dates. A surface or groundwater claim filed with a priority date after the respective dates mentioned above, for the water use(s) you have claimed, will likely be recommended for disallowal to the court since an application for permit was required to be filed at the time the water was first developed and no previously filed permit was found in our records. You may withdraw this claim by completing the Request for Withdrawal form enclosed and receive a refund of the filing fees if you decide to file the application for permit instead. The refund can also be transferred to pay the filing fee for the application if you designate this on the Withdrawal form. You may also decide to pursue this claim with the court for a priority date after the dates mentioned above. If so, return the claim form, completing the items indicated, with a note stating you still wish to file the claim.

Item No. 15 - Basis of Claim - Please designate if your water right is based on beneficial use of the water - Beneficial Use, or if it is based upon a previously filed water right - Posted Notice, License, Permit or Decree.

Item No. 16 - Signature - this claim form does require your signature be affixed and notarized by a notary public. Note, the notary public signs below the signature blocks listed on this item.

X Adjudication Claim Form No. 42-1409(2)a., needs to be filed instead of Claim Form No. 42-1409(2)b., due to the following reasons: The irrigation of 3 acres

Enclosed is the correct claim form with instructions for completion. The fee schedule is also in the instruction sheets to help you figure the fee needed for filing this type of claim form.

This claim was filed based on an existing permit which has lapsed for failure of the permit holder to submit proof of beneficial use. Unless this permit is reinstated, your claim cannot be accepted. In order to reinstate the permit, proof must be submitted showing that the water had been developed prior to the date proof of beneficial use was originally due for this permit which was _____. This proof can be in the form of dated power bills for a pump, dated ASCS crop reports indicating irrigation and the source of water used, or a notarized statement from a neighbor or previous owner who was aware of the date the water was developed. The enclosed proof of beneficial use form must also be submitted along with the proof mentioned above. Note that there is a filing fee required to file this proof of beneficial use form. If water was not developed prior to the above proof due date, then an application for permit form must be filed. This form and instructions are enclosed for your review and possible completion. Idaho is presently under a moratorium on approval of applications for permit for new uses. The exception to this moratorium are applications for permit filed on uses developed prior to the commencement of the adjudication, November 19, 1987. If your water use was developed prior to this date, and you

MICROFILMED

JUL 25 1994

submit the same type of proof mentioned above documenting the development date, and no protests are submitted, then this application for permit could be approved. If the development took place after the 1987 date, then your application for permit will be held pending the outcome of this winter's snowpack.

— An adjudication claim cannot be filed when no water use or development has taken place. An application for permit is the form to file at the time you decide to begin development. Claims are required only on water uses developed prior to the commencement of the adjudication, November 19, 1987. Enclosed is an application for permit form with instructions to be completed at the time development will begin.

— An adjudication claim cannot be filed on an application for permit which has not been approved. Therefore, we are returning your Notice of Claim to you. An application for permit must be approved in order to establish a water right to file on.

X Other: Enclosed is a profile report showing
how this right has been licensed

If you are returning your claim form(s), please complete the item(s) checkmarked in this letter, initial and date any changes or additions made to the claim form(s), and return the form(s), with the requested fee (if one is required), to our office within 30 days from the date of this letter. If the claim(s), or fee requested, is not received within this 30-day period, the claim(s) will be rejected and your fee (if one was paid previously) will be refunded. Please contact our office at the address listed below, within the 30 day time period, either in writing or by phone, to let us know if there is a problem returning the claim(s), or fee, in order to keep this claim(s) valid. If the claim(s) is rejected and fee refunded, due to no response within the 30-days, the claim(s) can be resubmitted up until claims in this area are prepared for court decree. However, at that time the corrected claim(s) along with the regular filing fee that was refunded, and an additional late fee will be required. Please return either your claim(s), any other form or information requested in this letter, and the fee requested, if any, to the Department of Water Resources, Western Region Office, 2735 Airport Way, Boise, ID 83705.

Feel free to contact this office if you have any questions concerning the items checked in this letter.
