RE: SRBA Subcase Nos. 27-7088 & 27-12028 (Fielding)

Dear Mr. & Ms. Fielding:

I am enclosing a Standard Form 5 ("SF5") for each of the above-referenced water rights. The SF5 is the document required by the Snake River Basin Adjudication ("SRBA") Court to resolve water right disputes. Please review the documents, and if they are acceptable, please sign on the indicated signature lines and initial the revised recommendations. After signature, please return the original documents to my attention in the self-addressed stamped envelope that I have enclosed for your convenience. I will circulate the SF5s for any remaining signatures and subsequent filing with the SRBA Court. Copies of the fully executed document will be provided to you.

If you should have any questions or comments, please feel free to contact me at 287-4815, or Michael Holliday, Senior Water Resource Agent at the Department of Water Resources in Idaho Falls at 525-7161.

Sincerely,

A handwritten signature in blue ink that reads "Ray Williams".

EXPLANATORY MATERIAL: BASIS OF CLAIM - License

Totalizing measuring devices shall be maintained at the well and at the redirection pump from the Blackfoot River.

Right 27-12028 is also diverted through the ~~point(s) of diversion~~ point of redirection described above.

Diversion and use of water under this right shall be reduced or curtailed when necessary to prevent injury to holders of prior rights diverted ~~from~~ from the Blackfoot River downstream from the point of redirection.

If the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use, this right to divert groundwater shall not be used without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.

The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.

Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 27.
