SUPPLEMENT TO PROVISION 5
OF
NOTICE OF CLAIM TO WATER RIGHT

In this instance, Roberta L. Robie, a widow, has conveyed her property in Section 35, Township 29 North, Range 1 East, to her sons, Erin Robie and Ed Robie, but reserved for herself a life estate in her property. She then also gave a portion of property to her son, Ed Robie, and a co-tenant Howard Wolff. The gifted property is referred to as Parcel "A" and the reserved property, subject to Roberta Robie's life estate is Parcel "B". That a true copy of that Shared Well Agreement is attached hereto as Exhibit A with the specific description of the Parcel "A" property where the well is located and with a generalized description of the location of Roberta Robie's home, being demonstrated there as well. On the Roberta Robie side, the water is partly used for stock water for miscellaneous horses that use the Roberta Robie pasture, in the appropriate season.

Additionally, Roberta Robie sold a parcel of property to Randy Rupp pursuant to the Exhibit B deed, attached hereto and hereby incorporated by this reference, and on Exhibit B there was a spring that Roberta Robie and her husband reserved the right to use. That spring is connected by appropriate piping to the well head area on the Parcel "A" property and can be used alternatively by changing the valve. The same amount of water is consumptively used whether it comes from the deep drilled well on Parcel "A" or the spring on the Rupp property. The spring is the subject of Water Right #79-10108.

SHARED WELL AGREEMENT

THIS AGREEMENT, made and entered into on this 25th day of December, 1998, by and between ROBERTA G. ROBIE, a single person, the Life Tenant, of P.O. Box 165, White Bird, ID 83554, joined by ERIN ROBIE and ED ROBIE, hereinafter referred to as Original Owners, and HOWARD WOLFF and ED ROBIE, single persons, of Box 165 Whitebird Id. 83554 hereinafter referred to as Water Users.

WITNESSETH:

WHEREAS, contemporaneously with the execution of this agreement the Original Owners have conveyed a one-half interest each to Ed Robie and Howard Wolff in that real property shown and described in Exhibit A and have conveyed to the Water Users the joint use of the well located on the Exhibit A property which deep water well serves both Exhibit A and the remaining property owned jointly by Roberta G. Robie where her home is located, with Erin Robie and Ed Robie being remaindermen. That property lies immediately to the South of the property herein conveyed and is referred to as Exhibit B hereto; and,

WHEREAS, the parties desire to reach an agreement relating to the continued shared use of that well, together with the appropriate easements to reach the well and to serve both properties.

NOW, THEREFORE, IT IS HEREBY COVENANTED, PROMISED, AND AGREED AS FOLLOWS:

That immediately prior to the recording of this document a Deed was recorded from the Original Owners to Howard Wolff and one document before that was a document conveying the other one-half to Ed Robie, so that the owners of Exhibit A will be Ed Robie and Howard Wolff.

Within those deeds the Original Owners, Roberta Robie a life tenant, and Ed Robie and Erin Robie, remaindermen, reserve the right to use a one-half interest in the well that is located on the Exhibit A property.

By this agreement it is intended that the Original Owners will continue to have the right to use the deep water well on the property that has been partly conveyed to the two Water Users. That the approximate location of the well has been located on a survey plat and the piping from that well to the new boundary line in the vicinity of Roberta's house is likewise located on that drawing, which will now become Exhibit C to this agreement.

It is thus the agreement of the parties that the Original Owners shall have the continued right to use an approximate undivided one-half interest in the well production for themselves, their successors and assigns, and have the right to continue to connect that well by appropriate piping to the retained property and have the additional right to keep the retained property connected with electric power so that the retained property, Exhibit B, and the Exhibit A property will be both served with water. At the current time Roberta chooses to pay all of the electric bills herself, but in the future she may elect to secure an equitable joint contribution from the two Water Users, or their successors, for the electric power that is necessary to run the well.

The parties understand that all of the piping is currently in place to serve both residences and the easements shall generally be in their current locations, now and in the future.

It is understood that the property yet retained by Roberta, and her two sons, for which the water is used and is shown and described in Exhibit B, is properly identified as the Roberta Robie property on Exhibit C.

It is understood that the parties shall equally share the production of the well and in times of shortage they shall equally share the shortfall. Neither set of parties shall over use the well for extraordinary irrigation purposes so as to materially affect the well production, static level, or any other permanent characteristic of the well.

It is understood and agreed that in the event future maintenance would be necessary on the common parts of the system in

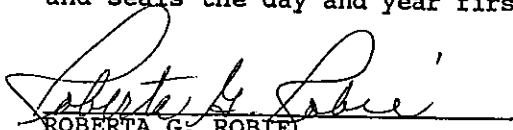

the future, those charges shall be equally shared by the owners of the Exhibit A property and the Exhibit B property to be paid upon reasonable notification by the party actually incurring the expense to the other party as it relates to the common portions of the system.

At the time the water distribution system leaves a common system and enters into each lot's independent system maintenance costs shall be exclusive for the two lot ownerships thereafter.

It is understood that this agreement shall be binding upon the heirs, successors, and assigns of the respective parties hereto as if in each covenant they were specifically mentioned.

Furthermore, in the event the current owners to this agreement or future owners should disagree over the maintenance, operation and well usage, those parties agree to submit such disagreement to arbitration with one arbitrator being picked by the sitting Magistrate in and for Idaho County, Idaho, who shall solve the dispute and any award shall be final and binding upon all the parties in each instance.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year first above written.
