Subject: Field Exam For 63-8395
& 63-8855

The problem with these exams is that Mr. Ellis leased the property from Mr. Baum who used to irrigate that land with the well covered by Permit No. 63-8855. So when John did the exam Mr. Baum told him he had irrigated it from his well which was true. But when I did the exam the Ellis's were irrigating it from their well at that time.

In speaking with Mr. Baum since it is his land he would prefer the water to be licensed to him. So perhaps both permits could be licensed with special conditions.

NO ACTUAL OVERLAP

MR. BAUM NO LONGER IRRIGATES
ALL THE LAND UNDER 63-8855.

63-8855 and 63-8395 were licensed with an overlap of 15 acres. The recommendations were also made with the 15 acre overlap so neither party would lose any water. A condition was added to both water rights limiting the amount of acres they could water to 107 acres. 30 acres + 92 acres minus the 15 acre overlap.

Subject: Field Exam for 63-8395
& 63-8855

The problem with these exams is that Mr. Ellis leased the property from Mr. Baum who used to irrigate that land with the well covered by Permit No. 63-8855. So when John did the exam Mr. Baum told him he had irrigated it from his well which was true. But when I did the exam the Ellis's were irrigating it from their well at that time.

In speaking with Mr. Baum since it is his land he would prefer the water to be licensed to him. So perhaps both permits could be licensed with special conditions.
