RE: Subcase Nos. 63-2724B, 63-7610C, 63-31395, 63-32381, 63-32382, 63-32383
& 63-32384

Dear Judge Wildman:

Partial Decrees Pursuant to I.R.C.P. 54(b) were issued for the above-referenced water rights in 2009, copies of which are attached hereto. These water rights were all uncontested in the SRBA.

Recently, the Department determined that a clerical error occurred when the Department prepared the Director's Reports for these water rights. Specifically, the error relates to the following remark:

"All parts of original licensed rights 63-2724 and 63-7610 when combined shall not exceed a total diversion rate of 3.90 cfs."

The Director's Reports erroneously placed this remark in the "other provisions" portion of the recommendations rather than properly under the "quantity" element description of the respective water rights. Placement of the remark under the quantity element of this water right is essential in the proper administration of these water rights.

Accordingly, it seems appropriate for the Court to set aside the partial decree pursuant to Rule 60(a) of the Idaho Rules of Civil Procedure and decree the right as described in the attached Amended Director's Reports.

All claimants were informed of this error by Monica Van Bussum, Senior Water Resource Agent, on January 6, 2011. I am also sending a copy of this letter to the claimants of these water rights, so that they are aware of this filing.

If you should have any questions or comments, please feel free to contact me at (208) 287-4809.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Bromley", followed by a horizontal line.

Chris Bromley
