MEMORANDUM

FROM: STEVE LESTER
TO: TIM LUKE AND DON SHAFF
DATE: AUGUST 8, 1991
SUBJECT: PERMIT 63-11116 AND SRBA CLAIMS A63-08430 AND A63-08430A

PERMIT 63-11116 - See receipts C020979 and W013545

The proof of beneficial use was due on 7/1/91. On 6/24/91, Terry Henrickson visited the State Office and filed a transfer application for licenses 63-08430, 63-08279, and 63-09353. He described a change in P/U for 63-08430 that occurred after 1987. He also included additional P/D for the other two licenses, and the P/D additions occurred in 1977. The purpose of the transfer application was to reflect conditions that made permit 63-11116 superfluous. The applicant decided to let the permit lapse and to proceed with the transfer. He also filed SRBA claim A63-08430 to match the license information. *

Upon reviewing the transfer, I noted that the agreement for sale of real estate (Attachment A) defined land in NESE and SESE S.6 but not in SWSE or SESW S.6 (latter two tracts for 47 of the 90 licensed acres). I discussed this with Terry by telephone and told him that proof of the owner's consent was required to change the P/U. His response indicated that the other owner would not grant this permission, which greatly complicated the transfer request.

During an office visit on 7/31/91, Terry told me that he purchased 32 acres in SESE S.6 from the previous owner. He stated that he did not own the remaining land in license 63-08430. Since the transfer route was not feasible, he decided to do two things. One, an amended claim for 32 acres in 63-08430 would be filed (A63-08430A). Two, proof of beneficial use for permit 63-11116 would be submitted because the permit was now needed for the 71 acres minus the 32 acres (SESE S.6) or for 39 acres. He choose these actions based on my recommendations.

Proof was filed for 39 acres and 39" or .78 cfs with a \$100 fee. \$50 was paid on 7/31/91, and \$50 from the now withdrawn transfer application (receipt C020979 dated 6/24/91) should be applied to the proof fee. No loss of priority should occur with the late proof filing due to Terry's attempt prior to 7/1/91 to clarify the water rights situation.

By reinstating the permit and filing amended claim A63-08430A (mailed for signature today), the 71 acres listed in 63-11116 will be covered. The proof of beneficial use and the withdrawn transfer application are attached.

SRBA CLAIM A63-08430A - See receipt C020953

This amended claim for a portion of the license was prepared on 8/7/91 and mailed to Terry on 8/8/91 for his review and signature. Based on the above discussion, he would like a refund for the \$58 paid for acres that he does not own and is not claiming in the amended claim. The request seems reasonable because he tried to take care of this confusing situation in an appropriate way. However, what about a late fee for his claim? I have not checked ML3 yet. A63-08430 was updated to show the split of the license.

* note: transfer not required to show p/d changes prior to 1987 for other two licenses.
