STATE OF IDAHO)

COUNTY OF ADA)

) ss

Lee Sisco, being first duly sworn on oath, deposes and says that:

1. I make this Affidavit based upon my own personal knowledge.
2. I was the watermaster for the Boise River, Water District No. 63 ("W.D. 63") from 1986 through 2007.
3. As watermaster, my duties included the distribution of water from the Boise River into canals including the Caldwell High Line Canal. My duties also included the preparation of an W.D. 63 annual report titled Water Distribution of Boise River, which I prepared from 1986 through 2007.

4. During my tenure as the watermaster for the Boise River, the only natural flow water rights diverted from the Boise River into the Caldwell High Line Canal were those identified in the Stewart Decree and in the W.D. 63 annual reports.

5. The W.D. 63 annual reports include information on the diversions from the Boise River into canals, including the Caldwell High Line Canal.

6. I have reviewed past W.D. 63 annual reports including annual reports for 1937 and 1958.

7. The W.D. 63 annual reports I have prepared or reviewed list Franklin Ditch Company as the owner of water right nos. 34 and 77 and Mason Creek Ditch Company as the owner of water right no. 46. The W.D. 63 annual reports identify water right nos. 34, 46 and 77 as the only water rights that are authorized to be diverted from the Boise River into the Caldwell High Line Canal.

8. Attached hereto as Exhibit 1 are true and correct copies of the pages from the 1937, 1958 and 1988 W.D. 63 annual reports that identify the owners of water right nos. 34, 46 and 77 and identify those rights as the only water rights that are authorized to be diverted from the Boise River into the Caldwell High Line Canal.

9. On a few occasions during my tenure as watermaster, Pioneer Irrigation District diverted more water into the Caldwell High Line Canal than is authorized by water right nos. 34, 46, and 77. On those occasions, I attributed the additional diversions to Pioneer Irrigation District's storage water rights.

10. The past records I reviewed are consistent with the practice I followed of delivering water to the Caldwell High Line Canal in accordance with the Stewart Decree.

Further your affiant sayeth naught.

Lee Sisco
