

29 April 2010

Sirs:

RECEIVED

MAY 03 2010

IDWR / NORTH

I know this isn't as complete as you would like. However I only use this home in the summers and don't have the info on the well here in California.

I will be up there in June but I saw the deadline to file was June 1st so I thought I should go as far as I could from here. Therefore enclosed is the attempt to comply, although maybe domestic use isn't required to file a claim I wanted this on record incase in the future it is required.

I can be reached 760-641-3365 or by mail which is forwarded.

Thanks
Greg Dye
