Good evening,

We were contacted by a customer who requested that we forward to you the date of his service installation according to our records. His name is James Prater and his address is 361 Cottonwood Dr. Apparently this request has something to do with water rights.

Our records show that the account on Mr. Prater's service was originally opened on August 11th, 1976. Let me know if you need any further information.

Regards,
