Ted,

I found this file on my bookshelf and started looking as to why it was there. It had a copy of this email and I have an email folder where all of these are saved.

You are right, it is mathematically impossible. The acre foot amount should be 39 AF. The combined use remark with 63-2727 is still ok. I have changed our record.

This has not been partially decreed yet. It has Admin Proc pending. Sorry about this straggler.

Thanks,
Jan

Jan,
This right has a cfs of 0.08, and an AFY of 166.50, which is mathematically impossible. Please check.
