Plaintiffs,

vs.

T. A. Clark, et al.
Defendants.

D E C R E E

This case came on for trial before the court without a jury, the Hon. Ed L. Bryan, Judge, presiding, at New Meadows, County of Adams, State of Idaho, on June 17th, 1920, and was continued thereafter from day to day and over Sundays, until the trial thereof was completed, said action being heard at said place pursuant to an agreement between Counsel for the respective parties to said action and pursuant to an order of the Court, said place of trial being so agreed upon for the convenience of the respective parties to said cause and their witnesses. James A. Stinson appearing as counsel for all of the plaintiffs above named, excepting the said plaintiffs Johnathan McMahan and C. B. Irwin, and Lot L. Feltham appearing for all of the defendants above named, excepting the defendant, Butterfield Livestock Company, a corporation, and also appearing for the said plaintiffs Johnathan McMahan and C. B. Irwin, upon the trial of said cause, he having been substituted as counsel for the said plaintiffs herein last named in lieu of James A. Stinson, who appeared for the said plaintiffs last named upon the filing of said cause, and J. W. Galloway appearing as counsel for the said defendant Butterfield Livestock Company, and witnesses were duly sworn and on oath testified for and on behalf of the respective plaintiffs and defendants to said action, and oral arguments being waived by respective counsel, time was given for the preparation service and filing of written briefs by respective counsel which were duly served and filed, and the cause being submitted to the court for decision, and the court having heretofore made its findings of fact and conclusions of law herein which are filed, and having ordered judgment to be entered herein accordingly,

NOW THEREFORE on motion of James A. Stinson, Counsel for the plaintiffs above named, it is hereby ordered, adjudged and decreed, as follows,-

That Goose Creek, and its tributaries, is one of the public streams of the State of Idaho, is a tributary of the Little Salmon River, and is located in part of its course in the County of Adams, State of Idaho, and that the waters of said Creek and its tributaries and public waters, susceptible of appropriation and use under the laws of the State of Idaho, by citizens of said State and of the United States of America.

That the lands and premises hereinafter set forth and particularly described are owned respectively by the parties to this action after whose names the lands are so described and that all of said lands are arid in character, and that said lands and all thereof require the artificial application of water thereon in

ter from the said Krigbaum canal, no right being hereby
adjudged from the waters of said Goose Creek or any of
its tributaries.

It is further adjudged and decreed that the said J. M. McCully,
defendant and cross-complainant herein, has heretofore diverted
said waters herein adjudged to him, for power purposes, and for no
other purposes, and that he may continue in the use and enjoyment
thereof, irrespective of priority in the use and enjoyment thereof,

RECORDED

JUL 31 1906

for said purpose, provided however, that in the use and enjoyment thereof, he returns to the main channel of said Goose Creek and at a point above the point where the waters of said Goose Creek divide and flow into the said North and the said South prongs of said Goose Creek hereinbefore mentioned, from his said power plant, an amount of water the same as and equivalent to the amount of water diverted from said Goose Creek by and through his said Power Canal,

PROVIDED FURTHER, That the amount of water which the said plaintiff A. R. Krigbaum and the said J. S. Irick, defendant and cross-complainant, divert from the waste canal from said power plant, when so diverted therefrom by said A. R. Krigbaum and said J. S. Irick, or either of them, may be deducted from the amount of the said water so diverted by said Power Canal and to be returned to said Goose Creek as aforesaid by the said defendant J. M. McGully.

It is further adjudged and decreed that the said plaintiff Goose Lake Reservoir Company shall have no right under this decree to impound any of the natural flow of said Goose Creek under its said Permit, other than the flood waters of said Goose Creek; and that said company and its successors in interest shall have the right to commingle the said waters so impounded with the natural flow of said Goose Creek and to reclaim the same therefrom. *Note*

The waters herein allotted and decreed are to be appurtenant to and for the use of the lands of the said plaintiffs and the said defendants and cross-complainants as hereinbefore stated and decreed which directly under and served with said water by and from the canals above mentioned.

It is further adjudged and decreed that a head gate and box or weir suitable constructed, shall be placed and maintained by the several parties to this action to whom waters are herein decreed for the purpose of measuring in inches and second feet the amount of water diverted through said diversion canals, and the amount of water to the use of which each of said parties is entitled shall be measured at the point of diversion thereof, and it is further ordered, adjudged and decreed that said head gate or diversion works shall be so placed as to divert water from said stream without holding back the general flow thereof and without unnecessary loss by seepage or evaporation.

It is further adjudged and decreed that none of the parties hereto, or their successors in interest shall have the right to the use of the waters of said Goose Creek, or any of its tributaries except for a beneficial use and whenever such use has ceased such party or parties shall cease to divert water from said creek, or its tributaries, and shall have no right to divert the said waters or any part thereof, and each and every of the parties to this action, their servants, attorneys, employees, privies and successors in interest are hereby enjoined and restrained from any and all interference with, or diversion or use of the said waters, except as provided in this decree, whenever such interference with, or diversion or use would in any manner interfere with the quantity of water awarded by this decree to any of the other parties to this action.

It is further adjudged, that Lee Highley, administrator of the estate of Lyman F. Smith, Deceased, is substituted as party plaintiff in lieu of said Lyman F. Smith, an incompetent person, and that ~~the said~~ Lyman F. Smith named and mentioned in this instant paragraph of this decree is the said and identical person mentioned in this ~~decree~~ heretofore.

JUL 31 1996

That said Goose Lake Reservoir Company is substituted as party plaintiff in lieu of C. A. Campbell.

Note

That the complaint, answers and cross-complaints of the respective parties to this action are hereby amended to confirm to the facts as found by the court herein.

It is further adjudged and decreed that the said plaintiffs have and recover of their costs in this action the filing fee of said action and costs and expenses of service of process.

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that **Goose Lake Reservoir Company**

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

(1) Date of priority: (When was the water first applied to a beneficial use) 10-15-1919

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

(2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

Goose Creek tributary to Little Salmon River

(3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

2. The point of diversion is in NE $\frac{1}{4}$ of NE $\frac{1}{4}$ Section 27 Township 19 North
Range 2 East B.M. located on Goose Creek (See Below *)
(name of source)
- tributary to Little Salmon River in Adams County.

3. Dates of priority claimed: list the priority for each separate quantity that you claim. Priority dates should be based upon the earliest diversion of the water which has resulted in continued beneficial use since that time. If there has been an interval of five years or greater when the water was not beneficially used for the same purpose as originally appropriated, the priority that you claim should date from the time that the water was again beneficially applied following the period of non-use.

a. Date of priority claimed:

October 15, 1919 amount: _____ c.f.s. or 3500 acre feet
October 1, 1925 amount: _____ c.f.s. or 1150 acre feet
_____ amount: _____ c.f.s. or _____ acre feet
Total claimed _____ c.f.s. or 4650 acre feet.

- b. Explain the purpose for which the water has been used and the time during the year when you have used the right claimed:

use irrigation period of use from June 1 to October 1 (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive).

4. Description of diverting works:

a. Surface water diversion dam and/or headgate: material is composed of earth and rock fill dam
with concrete cut-off wall at channel; length is 2025 feet; height is 22 feet;
width at bottom is 90 feet; width at top is 18 feet; explain any increase in diversion capacity since structure was first built, giving dates and estimated capacities if known See Page Four (4)
of attached Exhibit A and attached plans and specifications of Dam

GOOSE LAKE RESERVOIR
EXHIBIT A
GENERAL STATEMENTS AND EXPLANATIONS

1. Goose Lake Reservoir Company is now, and at all times subsequent to October 21, 1919, has been, an Idaho Corporation with its offices and principal place of business at New Meadows, in Adams County, Idaho.

2. Goose Lake Reservoir Company is the owner of Goose Lake Reservoir, imposed upon and over Goose Lake, a natural lake, near the head of Goose Creek, in approximately Sections 1, 11, 12 and 14, Township 20 North, Range 2 East, B.M., in Adams County, Idaho. Goose Lake and Goose Lake Reservoir are situated in the Payette National Forest which has granted Goose Lake Reservoir Company Special Use Permit to maintain and operate its storage reservoir.

3. The purpose and function of Goose Lake Reservoir Company is to annually impound in its Reservoir flood water of Goose Creek and during the irrigation season of each year to deliver storage water from its reservoir, through the natural channel of Goose Creek, a distance of approximately 9 miles, to the canals and ditches of land owners who have purchased or otherwise acquired ownership of, or the right to use, storage water of Goose Lake Reservoir Company for irrigation of land in Meadows Valley in Adams County, Idaho.

4. The right of Goose Lake Reservoir Company to construct its reservoir and store flood waters of Goose Creek for beneficial use in the irrigation of land, was initiated as follows:

A. On October 15, 1919, one Charles A. Campbell of New Meadows, Idaho, made application to the Department of Reclamation of the State of Idaho to appropriate 14.00 second feet of water by means of Goose Lake Reservoir and 1.32 second feet of water by means of the Twin Lakes Reservoir (Twin Lakes being small, lake, tributaries to Goose Creek and Goose Lake situated in Sections 2 and 3,

1 Township 20 North, Range 2 East, B.M.) to be constructed
2 by applicant, and on October 31, 1919, this application
3 was approved by W. G. Swendsen, Commissioner of
Reclamation of Idaho under Permit No. 14353 recorded in
Book 51 at page 14353.

4 B. On October 15, 1919, one Charles A. Campbell of
5 New Meadows, Idaho, made application to the Department of
6 Reclamation of the State of Idaho for permit to construct
7 the Goose Lake Reservoir, with planned live storage
8 capacity of 3500 acre feet and the Twin Lakes Reservoir
with planned live storage of 330 acre feet, and on October
31, 1919, this application was approved by W. G. Swendsen,
Commissioner of Reclamation of Idaho, under Permit No. R 173,
recorded in Book R 1 at page 173.

9 C. On January 30, 1920, Charles A. Campbell, by an
10 instrument in writing, filed in the Department of
11 Reclamation of Idaho, duly assigned the above Goose Lake
12 and Twin Lakes Reservoir Permit No. R 173 to Goose Lake
13 Reservoir Company, a corporation, which, ever since, has
14 been the owner and holder of the Permit, and actual
15 reservoir as to "Goose Lake Reservoir" and up to 1958
owned such Permit and the actual reservoirs as to "Twin
Lakes". In 1958, rights to Twin Lakes Reservoir, and storage
water, was transferred, as set out in Section 9 hereof and
since that date Goose Lake Reservoir Company has not
claimed ownership of or interest in the Twin Lakes
Reservoir and the flood water therein impounded.

16 D. On January 30, 1920, Charles A. Campbell, by an
17 Instrument in writing, filed in the Department of
18 Reclamation of Idaho, duly assigned Permit No. 14353 for
19 the appropriation of 14.00 second feet of water from Goose
20 Lake Reservoir and 1.32 second feet of water from Twin
21 Lakes Reservoir, to Goose Lake Reservoir Company, which,
22 ever since has been the owner and holder of the permit and
23 impounded flood water from Goose Lake Reservoir, and up to
1958 owned such Permit and the stored flood water of Twin
Lakes Reservoir. In 1958, rights to the storage water in
Twin Lakes Reservoir was transferred, asset out in Section
9 hereof and since that date, Goose Lake Reservoir
Company has not claimed ownership of or interest in the
Twin Lakes Reservoir and the flood water therein
impounded.

24 NOTE: Twin Lakes Reservoir is situate "upstream" from
25 Goose Lake Reservoir. All stored water is measured into
26 the Goose Lake Reservoir, is measured out at the gates of
27 that Reservoir and is conducted down the channel of Goose
28 Creek and through the main canal of Goose Lake Reservoir
Company to owners' lands, by use of the same facilities
and in the same manner that Goose Lake Reservoir water is
measured, conducted and distributed to land owners for
irrigation.

29 E. As will appear from the records of the Department of
30 Reclamation of the State of Idaho, in relation to said
31 Permits R 173 and 14,353, extensions of time to complete
32 construction of the Goose Lake Reservoir and Twin Lakes
Reservoir, were granted by the Commissioner of Reclamation
and, as will in this Claim and Exhibit appear, such
reservoirs, and the distribution canal were fully completed.

1 within the extended time permitted for such construction
2 and the water applied for was actually applied to
beneficial use for irrigation, as will herein be set out.

3 5. Actual construction of Goose Lake Reservoir and Twin
4 Lakes Reservoir was commenced in the late fall of 1919, but
5 conditions of snow and weather prevented completion of
6 construction that year. When conditions of roads and soil per-
7 mitted, construction of the reservoirs, and main distribution
8 canal, was resumed in 1920 and construction work was thereafter
9 diligently prosecuted so that by October 31, 1924, \$13,820.00
10 had been expended upon construction of storage dams and main
11 distribution canal and the dams and canal, as specified in the
12 before mentioned applications substantially completed and 3500
13 acre feet of storage water was being stored and delivered for
14 beneficial use for irrigation.

15 6. During 1923-1924 further work was done in compacting
16 earth fills and other works on and around said Goose Lake
17 Reservoir and on October 27, 1926, Proof of Completion of Works
18 in behalf of Goose Lake Reservoir Company was submitted by
19 affidavit of Charles A. Campbell, was filed in the Department of
20 Reclamation of Idaho, showing that a 18' high dam, 1100' long,
21 impounding 3500 acre feet of water at Goose Lake and a dam 9'
22 high and 400' long, impounding 330 acre feet of water at Twin
23 Lakes, and a distribution canal, 5' wide at bottom, 8' at water
24 line, average grade 13 feet to mile and 8 1/2 miles long, had
25 been completed and a total of 4105 acres of land in Townships
26 19 and 20, Range 2 East, B.M. were receiving storage water for
27 irrigation from said reservoirs.

28 7. Between 1925 and 1952 further work was done with
29 respect to Goose Lake Dam, to increase its height and length,
30 improve discharge and control works, to widen, lengthen and
31 strengthen the dam structure so that presently its general
32 specifications are as follows:

1. Type -- earth and rock fill with concrete cutoff wall across creek channel:
2. Upstream slope of dam face 3 to 1:
3. Downstream slope of dam face $1\frac{1}{2}$ to 1:
4. Overall length - 2,025 feet:
5. width of base at creek channel - 90 feet, tapering to 20-25 feet at ends of dam:
6. Uniform top width - 18 feet:
7. Height of dam at creek channel - 22 feet:
8. Concrete control well, fed by 42" 10 gauge corrugated pipe:
9. Discharge - 1 22 inch corrugated pipe and 1 24 inch corrugated pipe:
10. Screw type, locking gate:
11. Metal trash racks:
12. 19' by 20' concrete slab in creek channel below discharge pipes:
13. Main spillway, at center of dam, 17' by 9', concrete floor, with provision for flash boards:
14. Emergency spillway, at northerly end of dam, is natural channel, or swale, about 150' wide and boulder lined --- water can spill through this channel before dam spillway has reached capacity discharge:
15. Surface area of reservoir, at capacity, is approximately 450 acres:
16. Live storage capacity of Goose Lake Reservoir is approximately 6,218 acre feet:
17. For construction of Goose Lake Reservoir, and for construction of approximately 12 miles of main, distribution canal, Goose Lake Reservoir Company has expended approximately \$65,000.00.

and detailed drawings and specifications of the dam, control works, etc. are herewith submitted.

8. As typical of acre feet of storage water measured out of Goose Lake Reservoir and Twin Lakes Reservoir, for delivery to owners of storage water through main diversion canal and to ditches leading from Goose Creek below main diversion canal, the following tables are cited:

1	Year	Main Canal	Other Ditches
2	1962*	4736	593
3	1963*	6247.68	670.6
4	1966*	4573.32	679

5 and for the consecutive years of 1948-1967 records of the
6 Company show acre feet measured out of reservoirs as follows:

7	1948	4034 acre feet
8	1949	4047 acre feet
9	1950	3691.96 acre feet
10	1951	4202 acre feet
11	1952	3386 acre feet to September 6th.
12	1953	4301 acre feet
13	1954	4724 acre feet
14	1955	4255.84 acre feet (some reserve)
15	1956	3632.68 acre feet (some reserve)
16	1957	4168 acre feet (all water out)
17	1958*	4468.92 acre feet (all water out)
18	1959*	4641 acre feet (some reserve)
19	1960*	4991.32 acre feet (considerable reserve)
20	1961*	5282 acre feet (all water out)
21	1962*	5329 acre feet (some reserve)
22	1963*	5516.568 acre feet (all water out)
23	1964*	3814.12 acre feet (some reserve)
24	1965*	2890.16 acre feet (considerable reserve)
25	1966*	5252.52 acre feet (some reserve)
26	1967*	5329 acre feet (some reserve)

23 *During the years designated thus, *, water from Twin
24 Lakes Reservoir, averaging from 500 to 700 acre feet,
25 is included as part of water measured out of Goose Lake
Reservoir. As noted before, this water is not now
claimed by Goose Lake Reservoir Company.

26 NOTE: Records of measured releases of water are not keep to
27 uniform dates each year. In "good" irrigation years, that is,
28 when summer rains were heavy -- or irrigation season is short, due
29 to late spring or early fall weather, the demand for stored
30 water is much less than in other years and as soon as it appears
31 supply is ample, a steady discharge of water may be released
32 from reservoirs and records no longer maintained. Thus in years

1 showing measured releases of (eg) only 2890.16 acre feet as in
2 1965 or 3814.12 acre feet in 1964, much more stored water was
3 actually released but complete records were not made. Also,
4 snowfall, early rains, or lack of rain, low or high temperatures,
5 long or short irrigation seasons vary the demand for stored
6 water, and also, actual acre feet impounded.

7 9. In 1958, application was made to the Agricultural
8 Stabilization and Conservation Service, for a project to enlarge
9 and improve storage facilities of the Twin Lakes Reservoir. By
10 government policy such projects were not available to a single
11 owner, or user, so Goose Lake Reservoir Company transferred its
12 reservoir and water rights in Twin Lakes to R. L. Campbell,
13 Warren Osborn, Hazel Branstetter and the Circle C Ranch, then
14 enlarged to store 700 acre feet of water, allocated as
15 follows:

16 R. L. Campbell	70 acre feet
17 Warren Osborn	140 acre feet
18 Hazel Branstetter	98 acre feet
19 Circle C Ranch	392 acre feet

20 and Goose Lake Reservoir Company, no longer asserts ownership of
21 that right. However, such stored water is measured into and out
22 of Goose Lake Reservoir, and into and out of Goose Creek, by
23 means of the dams, gates, measuring devices and diversion works
24 of Goose Lake Reservoir Company.

25 10. By oversight and inadvertance, Goose Lake Reservoir
26 Company failed to make proof of completion of work and of
27 beneficial application of water, under said Permits No. R 173
28 and 14,353 within the time required by law and such Permits have
29 been cancelled by the Department of Reclamation and the Company
30 now desires to establish public record of its reservoir and
31 water rights by claim under provisions of Section 42-225A,
32 Idaho Code.

11. Goose Lake Reservoir Company claims that by actual appropriation and application to beneficial use, it has acquired, and now owns, the right to annually impound in its Goose Lake Reservoir, 4650 acre feet of the flood water of Goose Creek under priority date of

October 15, 1919.

Detailed answers to questions 1 to 9 of the attached "Claim to Water Right (Storage Right)" requiring additional space for answers or explanations, and to particularly show the nature and place of use of the water and water rights herein referred to, is hereto attached, designated "Exhibit B" and by this reference is made part of the claim of Goose Lake Reservoir Company.

deposes and says:

That he is a citizen of the United States of America
and of the State of Idaho; that he is over the age of
45 years; that he has lived his entire lifetime in
Meadows Valley in Adams County, Idaho; and by occupation,
Affiant is a farmer and livestock grower:

That Affiant, and his Mother, Mae Osborn, are land
owners in Meadows Valley in Adams County, Idaho, irrigated,
in part, by water from Goose Lake Reservoir:

That Affiant summer ranges cattle in the vicinity of
Goose Lake Reservoir and during the past 30 years, has
had opportunity to observe the Goose Lake Reservoir and
dam during each and every year of said period:

That Affiant by reason of residence and knowledge of
the irrigated lands in Meadows Valley, is familiar with
the lands irrigated by means of flood water stored in
Goose Lake Reservoir, and Affiant, and his Mother, are
owners of Goose Lake Reservoir water which they have
beneficially used in the irrigation of their own lands for
more than 42 years:

That Affiant has read the claim of Goose Lake Reservoir
Company, and the Exhibits thereto attached, and of his own
knowledge believes each and every statement therein
contained to be true:

R. L. CAMPBELL, Being first duly sworn according to law,
deposes and says:

He is a resident of Meadows Valley in Adams County, Idaho: he is over the age of 74 years: that he has lived in Meadows Valley throughout his lifetime: by occupation, he is President of Circle C Ranch, and in his own right, is owner of lands in Meadows Valley, irrigated, in part, by use of water from Goose Lake Reservoir:

That he is one of the incorporators of Goose Lake Reservoir Company and has been personally familiar with such corporation, its reservoir, dam and ditch since the first construction work was started in 1919:

By reason of his official connection with Goose Lake Reservoir Company and by reason of his connection with Circle C Ranch, and his long residence in Meadows Valley, he is personally familiar with every farm and ranch property in Meadows Valley using Goose Lake Reservoir water for irrigation purposes:

That Circle C Ranch, a corporation, is owner of the largest block of irrigated lands in Meadows Valley and is holder of the largest block of shares in Goose Lake Reservoir Company: that ever since the first storage water became available for use, about 1922, Circle C Ranch has beneficially used such storage water for irrigation of its lands in each and every year:

Affiant has read the Claim of Goose Lake Reservoir Company as to its ownership of Goose Lake Reservoir and to the use of such storage water and Affiant verily believes each statement and claim set forth in said claim, and in its supporting documents, is true and that the water stored in its reservoir has been beneficially used for irrigation, upon the lands therein described in each and every year since its reservoir and canal were completed.

HAZEL BRANSTETTER and L. E. CAMPBELL, Being first duly sworn
according to law, depose and say:

They are, respectively, the President and Secretary of
Goose Lake Reservoir Co., a corporation:

Affiants, by reason of their official connection with
Goose Lake Reservoir Company, are each familiar with its
business and affairs and each of them is personally familiar
with the ownership of shares in said Company and the places
and amounts of use of its storage water for irrigation of
farm and pasture lands in Meadows Valley, in Adams County,
Idaho:

That for more than 40 years last past, the Affiant, L.E.
Campbell has had personal charge of the operation of Goose
Lake Reservoir, including both the storing of water therein,
and the releasing of and measuring of water therefrom for
irrigation purposes:

That the father-in-law of the Affiant, Hazel Branstetter,
namely, William Branstetter, was one of the incorporators of
Goose Lake Reservoir Company and one of the men who construct-
ed the original dam and main canal: that Affiant is owner of
a large stock ranch in Meadows Valley, irrigated, in part, by
means of Goose Lake Reservoir water and in her own right,
she is owner of a substantial number of shares of the
Reservoir Company: that she has been personally familiar with
the Goose Lake Reservoir and its canal system, and the lands
thereby irrigated, for upwards of 45 years:

That the Affiant, L. E. Campbell, for upwards of 45
years last past, has been personally familiar with each and
every farm and ranch property in Meadows Valley irrigated by
use of Goose Lake Reservoir Company storage water and has
been in charge of the distribution of such water for
irrigation of lands owned by stockholders of the Reservoir
Company, and for irrigation, from time to time, of lands
other than lands owned by stockholders:

That Affiants have each read the Claim of Goose Lake
Reservoir Company and its supporting documents and exhibits,
and from their own personal knowledge, verily believe each
and every statement and claim therein contained is true.

Dear Loyal:

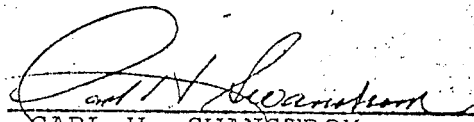

I am enclosing three (3) sets of a "CERTIFICATE" as to the Twin Lakes Reservoir.

For the purpose of making a record of the background or history of the reservoirs, I have set out in some detail the filings made by your father, both as to water and the reservoir, the transfer of the permits to Goose Lake Reservoir Company, the building of the reservoir by Goose Lake Reservoir Company, the beneficial use of stored water by shareholders of Goose Lake Reservoir Company, the condemnation of the reservoir, the transfer by Goose Lake Reservoir Company of all Twin Lakes rights to the present owners, the A.S.C.S. project by which the dams, etc., were enlarged or rebuilt, so as to store 700 acre feet of water, the contributions made by the present owners for costs of the project and, finally, a statement of the interests owned by each of the five present owners. It is intended that all three copies be used as originals, one to be recorded and two to be kept by owners (perhaps one copy to the new owners of Circle C Ranch and one copy to you or Hazel Branstetter).

All copies should be signed by the four individual owners and all copies by the president and secretary of Circle C Ranch (Rollie and Carol) and all signatures acknowledged by a Notary Public (likely Mary Adair could do that). When all copies are signed and acknowledged, send the original copy to me for recording.

I think the Certificate tells the whole story, both completely and accurately and will evidence rights both by filings and actual appropriations, which will clearly support present rights to the reservoir and right to store flood water therein for use by the present owners.

Best regards,

CARL H. SWANSTROM

CERTIFICATE AS TO OWNERSHIP OF INTERESTS IN
TWIN LAKES STORAGE RESERVOIR, INC.
ADAMS COUNTY, IDAHO

The persons signatory hereto, namely HAZEL BRANSTETTER, WARREN OSBORN, LOYAL E. CAMPBELL, R. L. CAMPBELL and CIRCLE C RANCH, an Idaho Corporation, do hereby CERTIFY and DECLARE as follows:

As will appear from official public records of the Department of Reclamation of Idaho, on October 15, 1919, one Charles A. Campbell of New Meadows, Idaho made application to the Department of Reclamation of Idaho for Permit to appropriate 1.32 second feet of Goose Creek flood waters, by means of storage reservoirs to be constructed at Twin Lakes, which are tributary to Goose Lake and Goose Creek, in Adams County, Idaho, and on that same day he also made application to said Department for Permit to construct Twin Lakes Reservoir for planned live storage of 330 acre feet of Goose Creek flood waters, and on October 31, 1919 each of said applications was approved and said Department issued to Charles A. Campbell, its Permit No. 14353 (Book 51, page 14,353) for the appropriation of 1.32 second feet of Goose Creek flood water, and its Permit No. R173 (Book 1, page 173) for the construction of said Twin Lakes Reservoir and the right to impound and store therein 330 acre feet of water, to be beneficially used for irrigation of lands in Meadows Valley, in Adams County, Idaho.

On January 30, 1920, the said Charles A. Campbell, by instruments in writing, duly assigned said water appropriation Permit No. 14353 and said Reservoir Permit No. R173 to Goose Lake Reservoir Company, an Idaho corporation, which corporation, continued to be owner and holder of said Permits until 1958, when appropriation of said Goose Creek water and for storage thereof in Twin Lakes Reservoir was transferred and assigned to the persons signatory to this Certificate.

In and during the year of 1920, Goose Lake Reservoir Company caused to be constructed at Twin Lakes dams, control and outlet works by which there was annually impounded and stored 330, or more, acre feet of flood waters of Goose Creek, which stored water was annually released and beneficially used for irrigation of shareholder's lands in Meadows Valley, in Adams County, Idaho and such storage and beneficial use was continued each and every year down to 1957 and thereby the right to appro-

1 priate and store such water was acquired by Goose Lake Reservoir
2 Company under priority date of October 15, 1919.

3 About the year 1957, Twin Lakes Reservoir was condemned by
4 the Department of Reclamation of Idaho, and/or by the Payette
5 National Forest, upon the ground that said dams, control and
6 diversion works were no longer safe or adequate.

7 In 1958, Goose Lake Reservoir Company transferred and set
8 over unto the persons signatory to this Certificate the said
9 water appropriation permit and said reservoir permit, before des-
10 cribed or referred to, together with all its right, title and
11 interest therein or thereto, and all of its right, in and to the
12 water appropriated and stored pursuant to said permits and the
13 parties signatory hereto are now owners and holders of the same.

14 That in the years 1957-1958, the undersigned parties
15 signatory hereto, voluntarily associated themselves together as a
16 group for the purpose of co-operating with the Agricultural Stab-
17 ilization and Conservation Service in a project for the recon-
18 struction of or repairs to the Twin Lakes Reservoir, and the
19 control and works appurtenant thereto, and such project was
20 approved and in and during the year 1958, the undersigned, in co-
21 operation with the said Agricultural Stabilization and Conservat-
22 ion Service did repair and enlarge the storage dams and replaced
23 all control and outlet works in manner approved by the Department
24 of Reclamation of Idaho and the Payette National Forest and so
25 that said reservoirs could safely impound and annually store
26 seven hundred (700) acre feet, but either more or less, of flood
27 water, and in each and every year, commencing with 1959 and con-
28 tinuing to date hereof said reservoir has been used by the under-
29 signed to impound and store flood water, beneficially used by
30 the undersigned in the irrigation of lands in Meadows Valley,
31 owned by the undersigned, and thereby, and by such actual appro-
32 priation, storage and beneficial use, the parties signatory
hereto, acquired and now own the right to divert, store and
beneficially use for irrigation of their respective lands,
additional flood waters of Goose Creek and its tributaries in the
annual amount of 370 acre feet, under priority of 1958, or in all
700 acre feet, but either more or less, as actually stored in
Twin Lakes Reservoir.

That for the purpose of repairing and enlarging the Twin
Lakes Dams, installing new control and outlet works, and for
clearing the reservoir site of timber, brush and debris, the
undersigned parties signatory hereto, respectively contributed to

1 the cost of such work by way of cash, or work, labor and services
2 as follows:

3 Hazel Branstetter	\$1,400.00
4 Warren Osborn	1,400.00
Loyal E. Campbell	1,400.00
R. L. Campbell	700.00
5 Circle C Ranch	2,100.00

6 Total contributions \$7,000.00

7 and thereby they acquired and became the owners of, and they now
8 are owners, respectively, of interests in and to said Twin Lakes
9 Reservoirs and of the right and permit to impound and store flood
10 waters therein for beneficial use upon their respective lands,
11 which respective interests evidence ownership by the undersigned
12 of respective amounts of acre feet of storage water, but either
13 more or less, and in proportion to the total, live storage
14 capacity of said reservoirs as follows:

15 Owner	16 Interest	17 Proportionate 18 number of acre 19 feet:
HAZEL BRANSTETTER	One-fifth (1/5)	140
WARREN OSBORN	One-fifth (1/5)	140
LOYAL E. CAMPBELL	One-fifth (1/5)	140
R. L. CAMPBELL	One-tenth (1/10)	70
CIRCLE C RANCH	Three-tenths (3/10)	210
		700

20
21 This CERTIFICATE is executed by the undersigned for the
22 purpose of evidencing and establishing of public record, the
23 ownership of Twin Lakes Reservoir and of the respective rights of
24 the undersigned therein and thereto and of their respective
25 rights to beneficially use the floodwaters annually impounded
26 and stored therein.

Dear Ms. Armacost:

The Department has received your letter concerning the above referenced claims, and the Notice of Change of Water Right Ownership received in January of 2002 (copy enclosed). I have enclosed copies of claim numbers 78-267, 78-268 and 78-10773 in which are currently in your name.

In reference to claim numbers 78-4006A and 78-4275, our records indicate that the Ownership Change was returned due to questions the Department had concerning the Warranty Deed and chain of title. A copy of this letter, dated September 18, 2002 is also enclosed. These files have been submitted for another review of the documentation, by one of our Water Resource Agents. This office will be in contact with you in the future if any further information is needed.

Thank you for your patience and cooperation, as we have several water right changes to process. If you have any questions regarding this letter, feel free to contact this office at (208) 334-2190.

Dear Claimant(s):

Enclosed is a copy of the above referenced claim(s), which reflects the necessary name changes for the land and appurtenant water rights, covered under the original filing.

The Department will contact you in the future concerning any requirements that may be needed in order to process these claims for final court decree.

At this time, we are unable to change the ownership on claim numbers 78-4006A and 78-04006B. The Warranty Deed submitted indicates a property transfer from Donald Leroy and Sotera Branstetter into your names. However, these particular claims, are in the name of Goose Lake Reservoir Co. We are also not able to change claim number 78-4275 at this time, due to the same reason. This claim is still in the name of Granite Twin Lakes Water Users.

If you have additional information for this property transfer, such as a chain of title, or tax notice in your name(s) which includes a description of the property by $\frac{1}{4}$ Section, Township and Range covered on these claims, we may be able to complete these ownership changes.

Thank you for your patience and cooperation, as we have had several water right changes to process. If you have any questions concerning the enclosed claim, please feel free to contact this office.

MEMEORANDUM

Date: March 13, 2002

From: Craig L. Saxton

Subject: Request for C/O for 78-02037, 78-04006A, 78-04006B, 78-04072C, 78-04288, 78-04275, and 78-10235

Action taken regarding C/O for the above referenced rights:

✓ 78-02037, 78-04288, 78-10235

Instead of splitting right – Just add C.H. Properties LLC to the current owner list. Leave Donald or Sotera Branstetter as claimants.

78-04006A and 78-04006B:

Cannot change ownership on right – No chain of title. However, notes made to show that portion of this right delivered previously to Donald or Sotera Branstetter is now owned by C.H. Properties LLC.

*Letter needs to be sent to C.H. Properties LLC indicating that the change of ownership is recorded in the file.

✓ 78-04072C:

Split right giving C.H. Properties LLC: 54 acres, 0.46 cfs, 0.02 for stock totaling 0.46 cfs.
Donald or Sotera Branstetter: 5 acres, 0.04 cfs, 0.02 cfs for stock totaling 0.04 cfs.

* Needs split.

✓ 78-04275:

Supplied deed indicates that C.H. Properties LLC retained 4.5 inches from Donald or Sotera Branstetter's original 1.6%. I don't know what the original 1.6% amounted to in inches.

Memo goes in file to indicate partial ownership of the right, but cannot change the name on the SRBA claim since there is no chain of title from Granite Twin Lake Water Users to C.H. Properties LLC.

*No further action needs taken at this time.

DEPARTMENT OF WATER RESOURCES
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP

RECEIVED
JAN 28 2002
WATER RESOURCES
WESTERN REGION

Please print or type. Attach pages with additional information. Instructions are included at the end of this form.
Incomplete forms will be returned.

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case division of the existing water right or adjudication claim record will be required.

2. The following **REQUIRED** information must be submitted with this form:

- A. The appropriate **FILING FEE**. See instructions for fee amounts.
- B. A copy of the most recent **DEED, TITLE POLICY, CONTRACT OF SALE** or other legal document indicating your ownership of the property and water right(s) or claim(s) in question, **WITH ATTACHED LEGAL DESCRIPTION**.
- C. Either of the following (if necessary to clarify division of water rights or other complex property descriptions):
PLAT OF PROPERTY or **SURVEY MAP** clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are usually attached to your deed or on file with the county).
OR
If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency **AERIAL PHOTO** with the irrigated acres outlined and point(s) of diversion clearly marked. The **AERIAL PHOTO** should be submitted in place of the **PLAT OF PROPERTY** or **SURVEY MAP**.

3. Name and Address of Former Owner/Claimant(s) Donald L. or Sotera Branstetter

5. Date you acquired the property January 18, 2002

If ownership affects the entire water right for each water right or adjudication claim number listed in **SKIP THIS ITEM AND GO TO ITEM 7.** If the change in ownership divides the water right(s) among others, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page if necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show evidence for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication records, please contact the nearest IDWR office for assistance.

Re: Change of Ownership Forms for
Nos. A78-04275, A78-04006A and A78-04006B

Dear Jan:

Enclosed are two New Property Owner Notices of Change of Water Right Ownership forms. One is for Water Right No. A78-04275 currently in the name of Granite Twin Lakes Water Users Association, and the second form is for A78-04006A and A78-04006B, currently in the name of Goose Lake Reservoir Company.

Since the record holders of those water rights are a water users association and a reservoir company, respectively, I inquired of Shelley Keen at the Department regarding the proper forms to file as regards that portion of the water rights appurtenant to lands now owned by Mr. Douglas Manchester and/or his business entities. Mr. Keen advised me to file the attached forms.

Both of the attached forms call for a copy of a deed to the claimant. Due to their voluminous nature, I have enclosed only one copy of each of two deeds to accompany both of the attached forms. One is a copy of a Warranty Deed dated December 1, 1992, whereby the claimant obtained ownership of the bulk of the Adams County property. That Warranty Deed was recorded in Adams County on December 21, 1992, as Instrument No. 83346. The other is a copy of a Corporation Warranty Deed, dated March 12, 1993, whereby the claimant obtained ownership of the balance of the affected properties. Said Corporation Warranty Deed was recorded with the Adams County Recorder's office on March 19, 1993, as Instrument no. 83785.

Please process the enclosed forms as soon as possible, and let me know if anything else is needed. Again, thank you for your assistance. As an aside, you should have previously received a

myriad of forms from me under cover letter dated April 5, 1993 and under cover letter dated April 9, 1993. If you have not yet received those letters and the attachments, please call me immediately.
