Re: Notice of Claim 95-8394

Dear Mark:

After you left my office on the 8th I dug a little deeper into the back file for the original water right license and found that the well was drilled in 1976 but a water right was not filed at that time.

Because domestic ground water rights are exempt from filing, you may claim the earlier 1976 date and base the claim on "beneficial use". I have amended your claim with items 2 & 15 changed to reflect this and if you agree this is what you wish to do, simply sign the claim form and return it to my attention at this office. Keep the copies for your records.

If you have any questions, please do not hesitate to contact me at 762-2805.

Sincerely,

Gregory J. Taylor
Stream Channel Protection Specialist
